

The Skidmore College Student Body Constitution

We, the Students of Skidmore College, commit ourselves to the promotion of student governance, responsible citizenship, and academic excellence. While we operate under the authority granted by the Board of Trustees, our power to act, by necessity, comes from the Student Body itself. We seek to empower ourselves and serve as members of this College Community.

We shall advance the rights and privileges of students, the people for whom this College exists, and inspire ourselves to form an inclusive, accountable, and sustainable government.

We embrace our position and our duty while acknowledging that we are members of a community with diverse interests. We shall work to further the educational mission of Skidmore College by dedicating ourselves to participation in shared College governance.

Considering these goals, we do hereby reform and reconstruct the Student Government Association of Skidmore College in accordance with the following articles.

Article I: Mission and Standards

Section 1.

Our place is to assert our position and our rights while acknowledging that we are members of a community. Students have both privileges and obligations, and while this Constitution asserts certain rights of Students, we acknowledge that the larger community demands a commitment to a shared mission. This Constitution is not a document in which specific by-laws or procedures shall be found, but rather one of principles that must lead the Student Body and outline a structure of governance.

The rights listed by the *Student Handbook* which are here incorporated, in addition to rights listed independently of the *Student Handbook*, are the duty of the Student Government Association (SGA) to establish and defend:

1. As members of the Skidmore community, Students enjoy freedom of speech, peaceful assembly, the press, and religion, and the right to petition, limited only by protection of property, safety, and mutual respect.

2. Freedom of Association and Participation

A. Students have the right to participate in the formulation of College policy by serving as members of appropriate committees.

B. Skidmore students may invite and hear the views and ideas of any person as long as the safety of all parties is ensured and applicable laws are followed.

C. The institutional control of campus facilities, subject to the reasonable expectations that are consistent with the primacy of courses and classroom settings, cannot be used as a device of censorship of the viewpoints of students or the content of speech, with the understanding that principles of academic freedom and open debate do not exempt any student from legal restrictions.

4. Rights that are not specifically herein granted but are not prohibited by applicable College policy shall belong to the Student Body.

5. These standards shall be the guiding principles of all actions taken by SGA and its officers. It is the responsibility of SGA as an organization to enforce these principles.

This policy is intended to apply only to situations where a position must be filled and running an election for a single candidate or no candidates would be an unreasonable expenditure of time and resources. It is not intended to circumvent any elections process or exclude any member of the student body from running for a position for which they are eligible.

1.0 INTRODUCTION

1.1 Overview of SGA Finance Structure and Goals: The Student Government Association of Skidmore College (SGA) manages an annual budget of approximately \$800,000, acquired through the Student Activity Fee (SAF), which is disbursed annually by the SGA Senate, based on recommendations from the Budget and Finance Committee, to various committees, and student groups. These funds, made up of the Student Activity Fees collected from every member of the student body, are used to provide students with resources and activities that create a higher quality of life outside the classroom.

The purpose of this document is to define the financial policies and procedures of SGA. The Budget and Finance Committee, on behalf of the Student Senate and SGA Leadership, work cooperatively with the Office of Leadership Activities to maintain the SGA financial accounts, oversee all SGA and Student Activity Fee financial transactions, ensure that the SGA financial policies and procedures are followed, and review all amendments to the policies and procedures put forth in this document.

Additionally, the duties of the financial branch include, but are not limited to: ensuring the continued financial success of SGA, providing assistance to those in need of financial policy and procedural explanation, ensuring the financial policies and procedures are revised when necessary, and representing the financial interest of SGA and the Skidmore community in all matters.

1.2 SGA Vice President for Financial Affairs: Primary student representative and spokesperson in all matters pertaining to SGA Financial Policies and Procedures. Chairs the Budget and Finance Committee.

1.3 SGA Budget and Finance Committee: Chief management body of all SGA finances and funds. A standing committee of SGA, charged with allocating funds to each organization as well as financial policy review, and bringing their recommendations to the SGA Senate.

1.4 SGA Accountant: Office of Leadership Activities. Primary advisor to SGA, Budget and Finance Committee, all student clubs and organizations regarding allocations, budgeting, spending, policy, and training.

1.5 Office of Leadership Activities: Supports the efforts and activities of individual students, the Student Government Association and its approximate 130 diverse registered student clubs and the entire campus community in realizing a vibrant co-curricular and socially just student life.

1.6 Organization: Any club or organization chartered by the Student Government Association or a committee within the Student Government Association (i.e., Inter-Class Council, the SGA Executive Committee, the Student Entertainment Committee, Speakers Bureau, etc.) that is allocated SAF funding.

1.7 Organization Treasurers: Organization Treasurers are the financial managers of their organization and act as a liaison between the organization, SGA, and OLA. Only one member of the organization will have this authority. Every organization must have a treasurer in order to be active.

Their duties will include:

- Maintaining the organization's finances in SkidSync which provides a transaction history and a current balance
- Responsible for communicating to the organization's members the financial policies and procedures, as well as budget details, remaining budget balances, etc.
- Handling funding requests for the organization (purchase requests, budget requests, supplemental funding, etc.) and making deposits in a timely manner. Deposits are brought to the SGA Accountant in Leadership Activities.
- Responding to any and all financial questions from the SGA VPFA, B&F Committee, SGA Accountant, and OLA in a respectful and timely manner.
- Attending mandatory SGA finance meetings, workshops, and/or training

3.0 THE SKIDMORE COLLEGE STUDENT ACTIVITY FEE

- 3.0 The Student Activity Fee:** The majority of the funds that make up SGA's annual operating budget are collected through the Student Activity Fee (SAF). The SAF is charged each semester to all matriculated students, both full and part-time, and on-matriculated students enrolled in 12 or more credits a semester. The amount of the SAF is voted upon annually by the Skidmore College board of Trustees and is bill and collected through tuition payments by the Bursar's Office.
- 3.1 Use of SAF Funds:** SAF funds are used by SGA, clubs, organizations, and other student-led groups, identified by SGA, to create and sustain a vibrant, active, and inclusive social environment for Skidmore students by supporting individual initiatives, community events, and collaborations.
- 3.2 Management of SAF Funds:** SAF funds are managed collaboratively by SGA and the Office of Leadership Activities (OLA). SGA is primarily responsible for regulating, distributing, and setting policy for the management and use of SAF funds, and OLA, via the SGA Accountant, is primarily responsible for the financial record keeping, transaction processing, reporting, financial disclosure, policy enforcement, and internal control of SAF funds.
- 3.3 Asset Disclosure Policy:** All assets, both tangible and intangible, purchased by SGA, or any organization, with SAF funds are considered SGA assets on permanent loan to that organization and therefore must be disclosed during the annual budgeting process. Failure to do so will result in disciplinary action.

4.0 Use of Student Activity Funds

- 4.0 SAF funds should be used to benefit the largest portion of the Skidmore College student body as possible
- 4.1 SAF funds may not be used for the personal benefit of student or other members of the Skidmore Community
- 4.2 SGA serves only to subsidize the costs of student club/ organizations and not cover all expenses.
- 4.3 The expenditure of all funds must follow the guideline set forth by the SGA Constitution, the SGA Financial Policies and Procedures, and ultimately, the Skidmore College Financial Policies. Because of the administration's liability for the financial decisions of SGA, the financial branch will work in cooperation with the administration to ensure the consideration of all interests whenever possible.

5.0 Guidelines for Budgeting

The SGA Senate is responsible for the final allocation funding approvals to organizations, with recommendations from the Budget and Finance Committee. These funds are acquired through the Student Activity Fee. When deliberating annual budget allocation decisions, the Budget and Finance Committee shall consider the following:

- The number of students involved in, benefited, or served by the organization activities and the quality of the service provided
- The degree of necessity to fund the organization in order to achieve the desired effectiveness in its activities.
- The contributions made by the organization activities to an environment of greater student involvement in the Skidmore community
- The organizations record of supporting goals of both SGA and Skidmore College

- The organization record of performance and financial responsibility
- The impact as it relate to funding other student organizations, and their comparative benefits
- When applicable, the organization’s ability to raise revenue in order to lessen their need for SGA funds
- The budget allocation for the organization’s in the previous year, and the degree to which it was utilized
- The accuracy of the budget submitted for the previous fiscal year and current fiscal year
- Any violations to these financial polices from the previous year
- It is applicable to the organization’s mission
- Certain requests may be for unsustainable initiatives. The B&F Committee, with oversight from the VPFA and SGA Accountant, has the ability and responsibility to deny funding or to allocate less than the maximum allowed by policy for those initiatives.
 - An unsustainable initiative is one that requires an excessive cost or an undue administrative burden on either SGA or the Office of Leadership Activities. An excessive cost would create an irresponsible drain on SGA resources or a particular budget, even if it is allowed by policy. And undue administrative burden requires an inordinate amount of administrative attention on the part of SGA officers of the Office of Leadership Activities. This undue administrative burden may derive from incomplete requests, legal barriers, or other internal and external obstacles beyond SGA;s ability to overcome.

An organization’s budget contains all funds allocated to the organization during the Annual Budget Process (Spring Semester). Organizations are required to use their allocated funds only for the items requested in their current fiscal year budget. Any purchase(s) that are made and were not approved in the budget runs the risk of non-reimbursement. Organizations may redistribute funds within the approved budget but must speak with the SGA VP of Financial Affairs, the B&F Committee, and/or the SGA Accountant for approval. Any new initiatives will be required to go through the Supplemental Funding Process (See 10.0).

6.0 Spring Budgeting Process

- 6.0 The SGA Senate approves every organization’s annual budget during the preceding Spring semester
- 6.1 The SGA Operating Budget is derived through a method of shared responsibility between SGA Senate and the B&F Committee, with review and input from OLA and the Office of Financial Services. B&F operates independently of Senate, and in consultation with the Director of Leadership Activities and the SGA Accountant, compiles and balances the budget before making recommendations to Senate.
- 6.2 In the Spring semester, organizations apply for their budgets and meet with the B&F Committee upon request. Budget submissions will be accepted in accordance with the General Financial Timeline (Se 2.0)
- 6.3 The B&F Committee reviews all submitted budget requests, consults with the aforementioned parties, and creates a proposed budget that is presented to the SGA Senate for the final approval.

- 6.4 Before Senate votes, B&F will hold a period to hear appeals from organizations not satisfied with their budgets. Additionally, any organization has the right to appeal directly to Senate before the vote, if they are still unsatisfied with their budget allocation
- 6.5 Senate passes the entire budget and has the authority to make changes to the B&F committee's recommendations
- 6.6 Any organization affiliated with a national or regional organization must declare that affiliation during the budgeting process and submit copies of the larger organization's constitution for review by the SGA VPFA and OLA. In cases of conflict of policy between national organizations and Skidmore College, College policy shall prevail.
- 6.7 All assets controlled by the organization (i.e. inventory, endowments, donations, and other capital) must be disclosed during the budgeting process. Failure to do so will result in disciplinary action up to and including loss of the budget for the year.

7.0 Budget Balances and Revenue Funds Rollover Policies

- 7.1 Any balance remaining in an organization's budget is zeroed out and absorbed back into the SGA operating account and used in the following fiscal year's budgeting process.
- 7.2 If there are revenue funds left in an organization's budget at the end of the fiscal year, the funds may be rolled over into the next year's budget if the following criteria are met:
 - 7.2.1 The organization has used the funding allocated from the SAF to earn the revenue while adding value to the Skidmore community in the forms of entertainment, education, and/or services.
 - 7.2.2 There is an attended purpose for the revenue if it is rolled over into the next academic year.
 - 7.2.3 Excess funds may only be rolled over once. Any rollover funds that remain in an organization's budget for more than one (1) academic year may not be rolled over a second time, and are re-allocated to SGA's retained earnings account.
 - 7.2.4 Refer to Policy 9.21 for more information regarding Revenue Policy

8.0 Club Donations/Gifts Acceptance Policies and Procedures

- 8.1 Organizations officially chartered and recognized by SGA may accept donations/gifts from an individual(s) or business, organization, etc.
- 8.2 Any donations/gift received from an off-campus benefactor, organization, etc. must be received and processed by the Office of Advancement. Once complete, the Office of Advancement will transfer the funds to the student organization through the SGA Accountant. Failure to process external donations through the Office of Advancement by organizations will result in disciplinary action and may result in a freeze of all financial activities.
- 8.3 Club Treasurer will be notified by the SGA Accountant when their club receives the donation/gift and is posted to said organization's budget.
- 8.4 Club leaders are expected to follow-up with the gift donor when applicable. OLA will provide guidance.
- 8.5 Donation/gift monies will be rolled-over to the following fiscal year's budget
- 8.6 Funds must be used within a reasonable period of time.
