

Acknowledgement of Provider Supplemental Accommodation/Housing Fees

As I make application to my provider for housing, I understand that there may be various options available. Some of these options may require an additional fee. There are a number of terms that providers may utilize for these fees including but not limited to the following:

- supplemental accommodations fees
- supplemental housing fees
- accommodations upgrades
- premium or premium plus options
- select or select plus housing
- deluxe, platinum or gold housing

I understand that Skidmore College will cover the cost of the standard program housing (room) which does not carry an additional fee. Therefore, I acknowledge that if I elect an option that mandates an additional accommodation/housing fee, it will be my responsibility to pay said fee directly to the provider.

Further, it is my responsibility to apply for accommodations/housing with my provider at the earliest opportunity. If I fail to apply for accommodations/housing in a timely manner and am therefore placed in accommodations/housing that carries a supplemental fee, I will be responsible for paying said fee directly to the provider.
