## **Introduction**

Skidmore College has issued this report to inform the Skidmore community, campus visitors, and the general public of the College's policies and procedures for campus safety and security. Skidmore has made a firm commitment to maintain a safe campus environment in which to live, learn, and work. Though emergencies and incidents of serious crime are relatively few at Skidmore, it is crucial that all members of the campus community know how to report such situations and have an understanding of our security operation. Skidmore's security programs include awareness seminars for all students, thorough training of residential-life staff, and a professional campus security force. The Department of Campus Safety emphasizes open communication with students and employees and has a close working relationship with local, county, and state law enforcement agencies.

Skidmore College is located in Saratoga Springs, N.Y., a small cosmopolitan city with a population of approximately 30,000. Saratoga Springs is known for its health spas, horse-racing, lively cultural life, and history. Skidmore's core campus consists of 50 buildings on 650 wooded acres at the northwest edge of the city, just more than one mile from the downtown area. The College's property includes an additional 150 acres of open space and athletic fields near the main campus. The core campus offers nine residence halls as well as Northwoods and Scribner villages, apartment-style living options. The College has an enrollment of approximately 2,300 students and a workforce of some 750, including about 228 fulltime faculty.

## ***Annual Campus Safety and Security Report***

The annual Skidmore College *Campus Safety and Security Report* includes statistics for the previous three years concerning reported crimes that occurred on campus; in certain off-campus buildings owned or controlled by Skidmore; and on public property within, or immediately adjacent to and accessible from the campus. The report also includes institutional policies concerning campus security, such as policies concerning alcohol and drug use, crime prevention, the reporting of crimes, sexual assault, bias-related crime, and other

matters. The Advisory Committee on Campus Security will provide, upon request, all campus crime statistics as reported to the U.S. Department of Education. You can obtain a copy of this report by contacting Campus Safety (518-580-5567) or on the Web at [www.ope.ed.gov/security/](http://www.ope.ed.gov/security/) or [www.skidmore.edu/administration/business/security/safety\\_report.pdf](http://www.skidmore.edu/administration/business/security/safety_report.pdf).

### **Timely Warnings**

When necessary, Campus Safety posts safety alerts on e-mail, on the Campus Safety Web site and at key locations on campus when there are incidents that require public notification. These alerts are issued when the incident is considered a threat to students or employees. The office also works with the student newspaper to report on safety and security issues. The Web site: [www.skidmore.edu/administration/business/security/safety\\_alerts.htm](http://www.skidmore.edu/administration/business/security/safety_alerts.htm).

### **Skidmore College Department of Campus Safety**

Skidmore College employs a security force of 18 full-time and several part-time employees. All members of Campus Safety receive extensive training, and many have had prior police training and experience. The director of campus safety is in charge of the department. He and the associate director share the responsibility of being on call 24 hours a day, 365 days a year. Between them, they have over 45 years of state police experience. In case of a serious crime or emergency, the on-call director is notified immediately and then supervises the investigation.

Campus Safety personnel are all New York State-licensed security guards empowered by the College to enforce the institution's rules and regulations, with the authority to make citizen's arrests. The safety officers receive annual training that includes first aid, CPR/AED, use of force, crime-scene preservation, interviewing techniques, diversity, sexual assault, and conflict-resolution skills. The officers provide campus patrols 24 hours a day and are responsible for enforcing safety rules and regulations, supervising all fire and safety drills, and handling all emergency situations on campus. In addition, they work closely with the residential-life staff, facilities services staff, and the Student Government Association to address quality-of-life issues on the campus. Campus Safety works closely with local, county, and state law enforcement agencies, both

in the investigation of crimes and in crime prevention. The department is in frequent contact with all area law-enforcement agencies regarding the collection of information and crime statistics that may impact the College and are required to be reported.

### **Reporting Crimes and Emergencies**

Witnesses and victims of a campus crime or emergency, as well as anyone who is suspicious of people or situations on campus, are urged to contact Campus Safety or local authorities immediately. Campus Safety can be reached at campus extension 5566 (for emergencies) and 5567 (for non-emergencies), or from an outside line at 518-580-5566. In addition, the department has a confidential "TIPS" (8477) line for anyone to report suspicious activity anonymously (580-TIPS). The Saratoga Springs Police Department can be reached at 911 for emergencies and 518-584-1800 for non-emergencies. Cellular 911 calls are answered by the New York State Police and the Saratoga County Sheriff's Department.

Each residence hall room is equipped with a campus telephone outlet, and a phone is also located at the main entrance of each residence hall. In addition, Skidmore has a system of emergency phones located at key points on campus. Marked with blue lights that become flashing strobes when the phone is activated, the hands-free phone kiosks offer a direct line to Campus Safety. One can also report incidents in person to Campus Safety, located on the ground level of Jonsson Tower. If a person is unable to contact Campus Safety directly to report an emergency, that person should notify a staff member, administrator in charge, or residence hall staff member, who, in turn, will contact Campus Safety. In the case of any reportable offenses covered under the Clery Act, an incident is officially reported resulting in that incident being listed in campus crime statistics when it is reported to local police agencies or "any official of the institution who has significant responsibility for student and campus activities." This includes housing and disciplinary staff, the athletic director and coaches, and faculty advisers to student groups. In addition, while not mandated by law, Skidmore's mental health and pastoral counselors voluntarily report sexual assaults for inclusion in these statistics.

The College has an agreement with local police, who will monitor any criminal activity at off-campus student organizations that are recognized by the College, including student organizations with off-campus housing facilities. Skidmore currently has no organizations, such as fraternities and sororities, that operate off-campus facilities or residences.

### **Confidential Reporting**

Mandated reporters and the general public are able to report incidents of crimes confidentially by utilizing the TIPS hotline (ext. 8477), the Skidmore crime statistics report form, and the confidential sexual report form; the latter two are available at [www.skidmore.edu/administration/business/security/security.html](http://www.skidmore.edu/administration/business/security/security.html).

### **Response to Reports of Crimes and Incidents**

If a crime or incident is reported to Campus Safety, the following steps are taken:

- A safety officer is dispatched immediately to assess the situation and secure the scene, if needed. (The safety officers are trained to attend to the needs of victims and to take control of the situation.) If the incident warrants, outside services such as the police, EMS, and fire department are called. At the scene, the safety officer is responsible for maintaining order, interviewing and counseling victims and witnesses, and preserving evidence.
- In the case of injury or illness, the individual may be cared for at the College's health services facility or he or she may choose the Saratoga Hospital emergency room.
- The director or associate director of campus safety notifies the appropriate Skidmore officials of the incident as needed in accordance with the College's emergency communications plan.
- The investigating officer files a written incident report that is forwarded to the appropriate College officials. All serious crimes and accidents occurring on campus are reported to and investigated by the Saratoga Springs Police, New York State Police, or the Saratoga County Sheriff.

- If an incident is considered serious and poses an immediate threat to people and/or property, a safety alert with an identifiable logo printed on specially colored paper is posted at specified locations on campus to alert the entire campus community. This information is also sent to the student newspaper. In addition, e-mails are used when appropriate.
- The College has a written Memorandum of Understanding with the Saratoga Springs Police Department that they will respond and investigate serious crimes and missing persons. In addition they will reach out for additional local and state police resources as needed.

### **Emergency Response and Evacuation**

- The College has an Emergency Management Team that meets regularly to prepare up to date procedures to respond to any emergency that may occur on campus.
- The College will immediately notify the campus community upon the confirmation of a significant emergency or dangerous situation involving an immediate threat to the health or safety of students or staff. Warnings will only be withheld if they would compromise efforts to contain the emergency .
- When an emergency situation occurs on campus, safety officers are dispatched to assess and render aid. Additionally, local and state police, fire and EMS resources are immediately requested depending on the emergency.
- When it is confirmed that a serious emergency or dangerous situation exists, relevant information will be disseminated to the College community by various means. These include; a siren system, emergency cellular text messaging system, e-mails, Web site postings, flyers and personal contact.
- Response procedures and communication systems are tested on campus several times each year. Students and staff are also provided instruction and training in emergency procedures including evacuation drills several times each year.

- When a sexual assault is reported to one of the College's designated officials, or otherwise comes to the attention Campus Safety, the College initiates an investigation and informs victims of their options for having the investigation handled by Skidmore's judicial system, the criminal justice system of the State of New York, or both. The College and/or the victims may file formal charges through Skidmore's judicial system (when the alleged assailant is a Skidmore student), and either party may also file criminal charges with local or state police. When appropriate, Skidmore issues a campus safety alert and uses other means of communication to inform all members of the Skidmore community. Skidmore's resources (e.g., medical, legal, and counseling options) are available whether or not the alleged assailant is a member of the Skidmore community.

### **Security and Access to Campus Facilities**

All Skidmore buildings are equipped with exterior locks, and many buildings have electronic anti-intrusion devices. All residence halls are locked 24 hours a day. All student rooms in residence halls are equipped with locks. Campus Safety patrols the campus 24 hours a day, checking all campus buildings, and placing special emphasis on residence halls during the late-night and early-morning hours. Safety personnel conduct daily fire and safety checks on all floors of all residence halls during the late-night and early-morning hours.

As part of the safety and security sessions held for all students each year, students are reminded that it is not permissible under any circumstances to prop open the doors of campus buildings. Campus safety officers and residential hall staff are instructed to report and close any doors found propped open. The hours that administrative and classroom buildings are open vary depending on the patterns of usage for the specific buildings and the needs of students and employees. During the academic year, Scribner Library is open until 1 a.m. Sunday through Thursday and until 10 p.m. on Friday and Saturday (extended hours are offered at the library during exam time). Campus Safety offers an escort service for any member of the campus community who requests this service.

The College also has a maintenance staff on duty 24 hours a day, seven days a week. This crew has radio contact with Campus Safety and is available immediately to carry out building maintenance or repairs related to security and safety. In addition, all maintenance jobs with security and/or safety ramifications are given a special priority designation.

### **Awareness Programs**

Skidmore College offers many programs specifically designed to inform members of the campus community about security procedures and policies, personal safety, and crime prevention. In addition to a number of programs tailored for students, the College offers this information to employees through new-employee orientation, the employee handbook, and a brochure on Skidmore policies regarding drug and alcohol use/abuse. Residence hall staff undergo extensive training each summer in preparation for their responsibilities. As part of this training, staff members must attend a series of workshops focusing on such issues as security and safety, disciplinary procedures for infractions of rules, fire safety, sexual harassment, diversity, and sexual assault. They are also advised of their reporting requirements according to the Clery Act. The residence hall staff, in turn, hold sessions each fall in their buildings to inform the general student body about security and safety issues—one meeting for the entire residence hall and then smaller meetings on individual floors. Campus safety officers are also involved with many of these informational meetings. These sessions are complemented by a special session in each residence hall conducted by Campus Safety, which reviews crime prevention, fire safety, and the College's policies and procedures regarding safety issues.

The Skidmore College Student Handbook (also available online) is made available to each new student. It presents information on fire prevention and campus security issues, as well as Skidmore's policies on alcohol and drugs.

## **Missing Person Protocol**

Skidmore will initiate an investigation into any report of a missing person as soon as the report is received. Also, the College has a missing student notification policy for students who reside on campus that informs the student that they have an option to identify an individual to be contacted by the institution not later than 24 hours after the time that the student is determined missing.

The notification procedure is confidential and requires students under 18 who are not emancipated to register the name of their custodial parent or guardian. The protocol includes notification to students that the institution will inform appropriate law-enforcement agencies about missing students (considered students missing 24 hours since a report and confirmation of their status to the institution).

Any missing-person report about an on-campus student must be immediately referred to the Department of Campus Safety; the department will contact the person identified as the student's contact, if any. If the student is 18 or older, or an emancipated student under 18, and has not registered a contact person, Campus Safety will report his or her missing status to the appropriate law-enforcement agency upon confirmation of the missing status of the student no later than 24 hours after receiving information that the student is missing.

## **Sexual Assault Policy, Overview**

Skidmore's annual orientation of students includes sessions on the prevention of sexual assault, alcohol and drug abuse, and safety precautions. In addition, the College's residence hall staff and campus safety officers receive special training in sexual assault awareness, and they provide ongoing education and support for students in the residence halls. To assist in this effort, the College has developed a brochure on its sexual assault policy that is provided to all students. Also, stickers are posted in residence halls that guide students regarding actions they should take, and what people to contact, if they believe they have been sexually assaulted. Students are also advised of the availability of counseling (both on and off campus) and other victim services as well as the importance of preserving evidence for criminal action. They are also advised of their option to report the assault to the police and that Campus Safety will assist in this notification.

- The College will make reasonable efforts to change an alleged victim's academic and living situation and provide these options after an alleged sex offense.
- The alleged victim and alleged perpetrator are entitled to have others present during any disciplinary proceeding.
- Both the alleged victim and alleged perpetrator must be informed of the outcome of any College disciplinary proceeding regarding an alleged sex offense. For purposes of this section, the outcome of a disciplinary proceeding means only the College's final determination with respect to the alleged sex offense and any sanction that is imposed against the accused.
- The sanctions that the College may impose on the accused, following a final determination of the disciplinary proceeding regarding rape, acquaintance rape, or any other forcible or non-forcible sex offense, are detailed in the Skidmore Sexual Assault Policy, which is available through Residential Life, Student Affairs, and Campus Safety.

### **Campus Sex Crimes Prevention Act**

The College complies with the requirements of the Violent Crime Control and Law Enforcement Act of 1994 and the federal Campus Sex Crimes Prevention Act, enacted on October 28, 2000, that went into effect October 28, 2002. Under this act, sex offenders must register with the state in which an institution of higher education is located (even if they do not reside in that state) once they are enrolled or begin employment at that institution of higher education. Changes in enrollment or employment status also must be made known to the state.

Individuals covered by the act include those enrolled at an institution of higher education in any state on a full-time or part-time basis or those with any fulltime or part-time employment at an institution of higher education in any state, with or without compensation, for more than 14 days, or for an aggregate period exceeding 30 days in a calendar year.

The law requires institutions of higher education to issue a statement advising their campus community where to obtain law-enforcement agency information provided by their state concerning registered sex offenders. Under the New York State Sex Offender Registry Act (SORA) rules have been established regarding the dissemination of information on sex offenders. Complete information can be obtained at the SORA Web site: [www.criminaljustice.state.ny.us/nsor/index.htm](http://www.criminaljustice.state.ny.us/nsor/index.htm). SORA has four distinct procedures for community notification.

First, local law-enforcement agencies are notified whenever a sex offender moves into their jurisdiction. That agency may notify schools and other “entities with vulnerable populations” (including Skidmore College) about the presence of a level 2 or level 3 offender if the offender poses a threat to public safety. The Saratoga Springs Police Department (518-584-1800) collects and disseminates this information in the Saratoga Springs community.

Second, SORA established a for-fee 900-288-3838 information line that citizens can call to determine if an individual is listed in the registry.

Third, SORA provides for the distribution of the subdirectory of high risk (level 3) sex offenders to law-enforcement agencies throughout the state. Citizens can review the subdirectory at local law-enforcement agencies. The subdirectory includes photographs of all level 3 offenders.

Fourth, the subdirectory is available via the Web at [www.criminaljustice.state.ny.us/dcjs1.htm](http://www.criminaljustice.state.ny.us/dcjs1.htm).

### **Policies for Possession, Use, and Sale of Alcoholic Beverages**

New York State law states that no person under the age of 21 years may possess or consume alcoholic beverages. While Skidmore College complies with New York State Alcohol Beverage Control laws, campus policy goes beyond mere compliance by defining acceptable behavior with regard to alcohol and by placing emphasis on individual responsibility and educational awareness. Violations of the College’s alcohol policy are considered infractions of the Skidmore Honor Code and are subject to appropriate campus

disciplinary action. Key points of the alcohol policy are given below:

1. No person under the age of 21 shall possess or consume any alcoholic beverage on campus.
2. At all-College academic, cultural, athletic, and social events, alcohol may be served to those who are 21 years or older. Alcoholic beverages may only be served and consumed within a roped-off area. Also, campus safety officers are present to oversee every event at which alcohol is served.
3. At all events where alcoholic beverages are served, non-alcoholic beverages shall also be made available throughout the event.
4. All mass-consumption containers (kegs, beerballs, containers of punch, etc.) are permitted only at sponsored all-College events and only in those College facilities where such containers are not banned. Mass containers are not permitted in the dining hall, Case Center, academic buildings, and the residence hall system, including Northwoods and Scribner villages.

### **Policies for Possession, Use, and Sale of Illegal Drugs**

The New York State Public Health Law: Article 33, Mental Hygiene Law: Article 81, and Penal Law: Article 220 mandate that it is unlawful for any citizen to sell or possess certain drugs, defined by law as “controlled substances,” except as expressly allowed by law. In addition, the Drug-Free Workplace Act (Public Law 100-690, 102 Stat. 4304) and the Drug-Free Schools and Communities Act Amendments of 1989 (Public Law 101-226, Section 22) require colleges and universities to show good-faith effort toward combating illegal drugs and alcohol abuse in the workplace.

Skidmore policy states that the manufacture, distribution, dispensation, possession, or use of controlled substances without explicit and current prescription from one’s medical doctor, or from a Skidmore physician, are prohibited. Violation of this policy on Skidmore College property will result in College sanctions appropriate to the situation and will not protect employees or students from arrest or prosecution by local criminal justice authorities for illegal involvement with drugs or alcohol.

The College is prepared to enforce its drug policy vigorously and will bring disciplinary charges against students involved with illegal drug use and distribution. The College also reserves the right to contact police authorities regarding violations of law pertaining to controlled substances. The College may summarily dismiss students found to be selling illegal drugs, pending any appropriate disciplinary hearings. Students who seek medical or psychiatric counseling with regard to drug abuse will be helped and will not be reported by the privileged counselors. However, a student cannot be protected if he or she continues illegal use of drugs and is detected by legal or College authorities.

Since drug abuse is a serious legal and medical problem, all members of the College community are encouraged to seek assistance for themselves or others from appropriate College services.

The Skidmore College Student Handbook outlines the specifics of the College's policies regarding alcoholic beverages and illegal drugs. The College also publishes an employee brochure on these policies.

Upon enrollment the College shall provide to each student a separate, clear, and conspicuous written notice that advises the student of the penalties for drug violations and the institution shall provide in a timely manner to each student who has lost eligibility for any grant, loan, or work-study assistance a separate, clear, and conspicuous written notice notifying the student of the loss of eligibility advising the student of the ways in which the student can regain eligibility

### **Drug and Alcohol Counseling and Education**

Students with drug or alcohol related problems are encouraged to seek confidential counseling and referral services through the College Counseling Center and/or Health Services. To assist students, Skidmore has on staff a substance-abuse prevention educator. Employees with such problems are encouraged to use the confidential referral service offered through the Employee Assistance Program. All medical and rehabilitation records concerning student or employee drug or alcohol use/abuse, including records of the identity,

diagnosis, prognosis, or treatment, are confidential and may be disclosed only as authorized by law.

Skidmore College is committed to sponsoring a full range of educational, training, and counseling programs to ensure that all members of the College community know the dangers of drug and alcohol use/abuse, the College's policies regarding drug and alcohol use/abuse, and the availability of its counseling and referral services.

### **Bias-Related Incidents (NY State Hate Crimes Act of 2000)**

Skidmore College informs incoming students about bias-related crime and prevention measures through programs that include workshops, seminars, discussion groups, and orientation sessions. The purpose of these programs is to disseminate information about bias-related crime, promote discussion, encourage reporting of incidents of such crime, and facilitate prevention. Complete information can be obtained at the following Web site: [www.skidmore.edu/administration/business/security/Bias\\_Related\\_Incidents.pdf](http://www.skidmore.edu/administration/business/security/Bias_Related_Incidents.pdf).

### **Procedures for Preparing the *Campus Safety and Security Report***

Campus Safety compiles the annual statistics for crimes that are included in this report. The information included is acquired from various sources, including Campus Safety, local police agencies, and all officials of the College who have significant responsibility for student and campus activities. These officials include residential-life staff, student affairs staff, faculty advisors, and athletic team coaches. In addition, Skidmore accepts confidential reporting of crimes and encourages mental-health and pastoral counselors to report statistics regarding these violations of law.
