Re: Fundraising Results For Fiscal Year 2001  
Date: September 7, 2001

This past year was, by many measures, the most successful in the College's history in terms of fundraising. Driven by several large bequests, payments on pledges from the Journey Campaign, a number of major new foundation commitments, and another year of strong growth in the Annual Fund, the College set many new highs. Gifts were given to support a wide range of purposes, from classroom renovations to scholarships and were made both for current operations and endowment. While I anticipate a lower total this coming year as gifts from the previous campaign drop off, I believe that this strong showing bodes well for our future success.

### FY2001 Fundraising Highlights
