

SKIDMORE COLLEGE ARCHIVES

SKIDMORE COLLEGE VERTICAL FILE SUBJECT HEADINGS, 1922 – 2001

The college archives contain approximately 28 cubic feet (or 22 file drawers) of subject files relating to all aspects of Skidmore's history. The subject files contain newspaper clippings, publications, newsletters, memorabilia, photographs and some original documents from many of the college's academic and administrative departments. The files also contain materials relating to various campus buildings, events, and people.

The subject files cover the range of Skidmore's existence as a four-year college, from 1922 to date. Materials relating to Skidmore's earlier days as the Skidmore School of Arts (1911-1922) can be found in the Skidmore School of Arts Vertical Files.

This listing contains vertical file folder titles without cross-references. A larger version of the listing, containing cross-references, is also available.
