

Campus Housing – Comfort Items List

Think back to the first time you walked into your residence hall room – it was pretty basic. Campus housing is just that, and rooming arrangements are a combination of singles and doubles (possibly triples) sharing bathrooms. For those housed in Northwoods or Sussman apartments, those units include multiple single bedrooms (with minimal furnishing), air-conditioning, and include unstocked kitchens. All rooms include basic bed linens, disposable pillow, a blanket and a towel per person.

Considering the basic accommodations, the following is a list of items that might make your stay at Skidmore more comfortable.

- ✓ **Cell phone and any necessary cords and chargers** for your personal electronic devices
- ✓ **All personal toiletries**—including soap, washcloths, a small mirror, tissues, and shower shoes (including a cup for brushing your teeth or taking medication)
- ✓ **Refillable water bottle**—there are filling stations located around campus
- ✓ **Large bath towel**—although a towel is provided, you may want your own bath-sized towel
- ✓ **Pillow**—although a pillow will be provided, you may want to bring your own
- ✓ **Cool and casual clothing**—Saratoga Springs can be hot!
- ✓ **An umbrella, raincoat, or poncho** in case of rain
- ✓ **An extra blanket and sweatshirt** in case of cooler weather—overnight temps can be chilly
- ✓ **Alarm clock/radio/Bluetooth speaker**—there is no "wake-up service" or TV provided
- ✓ **Small study lamp**—residence halls can be dark
- ✓ **Small portable fan**—though we make every effort to use climate-controlled spaces, not all residence halls are air-conditioned
- ✓ **Clothes hangers**
- ✓ **Portable iron**
- ✓ **Hair dryer**

If you are a guest in Northwoods or Sussman Village, please note that **kitchens are not stocked** with utensils, serve ware, pots, pans or small appliances.

If you find yourself in need of any of the above during your stay, the following are close by:
