SEE-BEYOND AWARD—Resources for Management and Business Students

This section is to provide students with department- or program-specific resources and ideas to help develop their classroom experiences into SEE-Beyond award opportunities. Students are challenged to think creatively and concretely about ways to enhance their skills and learning.

Award Competition: SEE-Beyond Awards invite students to explore new techniques, technologies, or modes of inquiry or expression; to apply their academic-year learning to real-world challenges; and to clarify the interrelationship between their educational and post-baccalaureate goals. Awards may be used to support:

- field or laboratory research in an area of the student’s choice, with the permission of the host institution and research sponsor;
- internships with clearly defined learning goals that complement the student’s academic plan;
- artistic residencies, workshops, apprenticeships, or productions.

Paid and Non-Paid Internships

Please note, links may change over time—if direct links below do not work, try searching keywords, such as ‘internships,’ ‘summer,’ or ‘research,’ with the following organizations.

Smithsonian Institution [http://www.si.edu/ofg/intern.htm](http://www.si.edu/ofg/intern.htm)
