

2012 ECTRA Tentative Events (as of 1/10/12)

All events and dates are tentative unless labeled as sanctioned. Dates have been checked with the ride organizers, but are subject to approval by the sanctioning office. END indicates an endurance ride, all others are competitive trail rides and/or drives. Events which have been sanctioned as of Jan 10 are noted as such, but this list may not be updated during the year. For an up-to-date and detailed list of sanctioned rides and contact info, see the "2012 Sanctioned Events Calendar" at www.ectra.org

This tentative calendar is not yet complete – I am still waiting for replies from some of the ride managers. So if you don't see your favorite ride on the list, don't assume that its not happening in 2012. I will continue to update this calendar as I get more info.
