Safety Alert!

Sexual Assault

Date: Weekend of August 31, 2002

Incident: Female sexually assaulted in on-campus residence hall

Suspect: College-age male

Description: The female victim attended several on-campus parties, became intoxicated, and separated from friends. She left the party alone and the suspect offered to escort her to her residence where he reportedly sexually assaulted her.

Safety Tips: Campus Safety x5567

- Students should ALWAYS travel in groups. It is best to have an agreement with friends to NEVER let someone leave an event or location alone. Don’t put yourself or friends in compromising situations where you can be victimized.

- Excessive use of alcohol and drugs is associated with over 90% of sexual assaults
