1. CEPP reviewed and approved 11/20/2023 minutes.

2. Further Discussion of Possible Recording Policy—reports from student government, initial outreach to CAFRA, and DoF's office.

- Goal for the discussion is for CEPP to draft some form of a policy.
- Nick will talk with CAFRA about this matter.
- Tess shared student feedback:
 - a. The working language focuses more on exclusion of recordings and does not address recording in good faith.
 - b. It is important to have a policy in place.
- Good will recording should be clearly defined in a policy.
- Include language to address the possibility of manipulating recordings in negative, malicious or harmful intent.
- Discussed the letter provided by Corey Freeman-Gallant.
 - +Subject: Re: Quick Question re Recording Policy, dated 12/1/2023.
- If CEPP drafts a policy, where does the policy exist?
- A policy should include authorized or unauthorized recording.
- Nick will circulate a policy draft to solicit feedback from the community.
- This was the final in-person CEPP meeting of the Fall semester.
