- 1) Minutes from 11/30 approved
- 2) CEPP continued its discussion of the FHB syllabus requirement
- 3) CEPP discussed the possibility of adjusting the academic class/day schedule that would adjust, most notably, the timing of: (a) many 2x classes (moving to a MTh or TF schedule); and (b) the “free space” (for faculty meetings, etc.) to Wednesday afternoons. The committee decided not to pursue this schedule adjustment at the current moment.
- 4) CEPP discussed possible topics for future meetings, and the possibility of planning beyond next semester.
