

## CEPP Minutes

April 5, 2023 @ 2:30-3:30pm  
Library 213

Attendees: Lisa Jackson-Schebetta, Nick Junkerman, Michael Orr, Mahesh Shankar, Kelly Sheppard, Bob Turner, Leigh Wilton

Scribe: Nick Junkerman

Meeting started at 2:32pm

1. Committee discussed the proposal for an entrepreneurship minor. Some concerns were expressed about the definition of entrepreneurship. The committee discussed how this would interact with and affect current majors, minors, campus resources, etc.
2. A related conversation ensued, in which the committee discussed perceived student stress about the need to complete minors (sometimes several for the same student). This can contribute to students taking overloads, which artificially inflates course enrollments.
3. The chair previewed an upcoming visit from the HHMI working group, and opened a discussion about how their work on inclusive teaching might intersect with CEPP's policy role.
4. The committee reviewed past CEPP motions about inclusive teaching, which did not advance, and talked about how such work might be taken up in the coming year.

Meeting concluded at 3:38pm.
