The minutes were approved.

- 1) Continue discussing CEPP's Spring 2021 plan for reforming the teaching evaluation process towards a more holistic model.

The committee worked on editing some of the language in the inclusive teaching section. Concerns were raised about the applicability of the language to a variety of disciplines.

The committee also discussed the process of approval for the proposed changes to the faculty handbook. Next step is to get ATC/PC involved. Other suggestions include getting feedback from chairs and program directors, and hosting virtual forums. Some type of feedback mechanism is needed before the suggested changes go to the faculty floor.

The committee agreed to work on editing the language further in the next meeting and reach agreement about the proposed changes.

The meeting was adjourned at 5:02.
