

Welcome Prospective First-Year Students

CLASS OF 2029

- To apply for Skidmore grant assistance begin by checking “yes” on the Skidmore Admission application to the question asking: Are you applying for financial aid?
- When completing the Skidmore Admission application and the College Scholarship Service (CSS) PROFILE be sure to use your correct social security number. While the social security number is not required on the admission application, it is required when applying for financial aid. Delays in matching your financial aid and admission applications will occur if you do not provide your name and social security number as they appear on your social security card.
- The CSS PROFILE is required for Skidmore grant eligibility determination.
- The Free Application for Federal Student Aid (FAFSA) is required for Federal aid eligibility determination.

IMPORTANT FINANCIAL AID APPLICATION DEADLINES

Early Decision I (EDI) November 8, 2024
Early Decision II (EDII) January 15, 2025
Regular Decision January 15, 2025

Application for Skidmore grant eligibility is as easy as 1, 2, and done...

1. Complete the 2025-2026 College Scholarship Service (CSS) Financial Aid PROFILE. The Skidmore College Code is 2815.
2. If your parents do not live together, each parent must complete a separate 2025-2026 CSS Profile. It is highly recommended that the student and the “custodial” parent start the CSS Profile application before the “non-custodial” parent does so. If either (or both parents) remarry, that parent’s current spouse’s information also needs to be provided on the CSS Profile.

SIX SKIDMORE FAMILY FINANCIAL AID SCENARIOS

Skidmore's 2024-2025 student costs are as follows: Tuition/fees: \$67,290; room: \$10,610 (dorm double); meals: \$7,330; and books/supplies/personal expenses and travel: \$2,930 (est.).

That's not a small amount. But many families won't pay the full cost. Below, courtesy of the *MyinTuition Quick College Cost Calculator*, is a listing of six Skidmore family scenarios, from lower- to higher-income families (grant awards are highlighted in yellow). Keep in mind that they are general approximations of financial aid awards based on income, assets, etc.
