

# Make the right choice – don't pay more for your medication

Optum® Home Delivery and Walgreens® can help you easily manage your medication through the **Walgreens90 program**.

## How the Walgreens90 program works

Walgreens90 gives you the option to fill a 3-month supply of the medication you take regularly at Optum Home Delivery or a Walgreens pharmacy. The choice is yours.

### Your time to enroll is limited

- Your plan covers a limited number of 1-month refills from a retail pharmacy. After the grace fills run out, you may pay more for your medication.
- After your allowed fills, **you must choose to fill a 3-month supply of your medication through Optum Home Delivery or a Walgreens pharmacy. You may pay more if you don't make a choice.**
