

It's *your* money. Now, you can keep more of it!

**A new feature available to your FSA plan allows you to roll over up to \$500 of unused funds into the next plan year!
If you don't use it, roll it!**

A healthcare Flexible Spending Account (FSA) can help you pay for eligible healthcare expenses that are not covered by your health plan. Using an FSA is like getting a discount because you pay for those expenses with money that has not been taxed. It's a great way to keep more of the money you've earned!

A Healthcare FSA:

- ✓ **Covers what your health insurance doesn't** - Expenses such as deductibles, co-pays or co-insurance.
- ✓ **Saves you money on the healthcare you need** - Dental, vision, hearing, medical expenses and more!
- ✓ **Makes reimbursement of eligible expenses easy** - The full amount you set aside is available on the first day of the plan, plus the Debit Card reduces your need for paper claim submission.
