Steps to Follow:

1) Decide What You Want to Do: how will you make the world a better, more peaceful place?

Design your own project for peace that you will implement anywhere in the world during the summer of 2023.

2) Write a Proposal (please read instructions carefully):

To be considered, a student (or group of students) must submit:

1. **Application Narrative:** submit a written statement which describes the project (who, what, where, how) including expected outcomes and prospects for future impact and sustainability (not to exceed 2 pages, 11 pt. font or larger)
 - a. **All project proposals should be submitted with a heading that includes the following:** name of all student participants, your school (Skidmore!), name of the participating/partner institution(s), title of project, proposed dates of the project, country where the project will take place.
2. **Budget:** (1 separate page) – with budget liner notes/explanations
3. **Agreement Letters:** must be submitted from all involved agencies or parties (project partners, organizations, foundations, local governments, etc.) in the project. This should be a letter, signed and on letterhead, from each project partner.
4. **Provide citations** (such as end-notes) for any statistics or quotations that are not yours.

3) Questions? Please Talk to Chloe!

Students with questions may direct them to Chloe Jaleel as communication between students writing proposals and the Davis Foundation is prohibited.
