

SEF Blog Instructions

We are happy to have you as a contributor to Skidmore's Summer Experience Fund (SEF) blog!

As a reminder, Post Grad Award recipients are required to post to this blog, with pictures, four times throughout the duration of their experience. All other award recipients are required to post, with pictures, three times throughout the duration of their experience.

We are very excited about this tool, since it's be a way for you to share your experiences and what you've accomplished over the summer with the Skidmore community, as well as our donors. It allows us to promote the program to students, parents, potential donors and the entire Skidmore community with creative blog posts from our award recipients.
