

## Minutes for the CEPP Meeting February 13, 2013

**In attendance:** Michael Arnush (chair), Ben Bechand, Beau Breslin, Rochelle Calhoun, Hope Casto, Chris Kopec, Bill Lewis, Josh Ness, Peter von Allmen and Robert Turner (Government, visitor).

1. The Westminster Kennel Club was briefly discussed. Some expressed the opinion that golden retrievers suffer for being evaluated on a relative scale, rather than one based on the intrinsic characteristics of the breed.
2. Minutes from Feb 6, 2013 meeting were approved with minor changes.
3. The committee briefly discussed feedback resulting from individual members of CEPP acting as liaisons to departments and programs regarding the draft Culture Centered Inquiry proposal. Early feedback was often positive – several chairs can identify courses they expect will qualify for the proposed *Considering Difference* designation.
4. The chair reported a productive conversation with the chair of Curriculum Committee regarding consultation between the two committees, and CEPP discussed the merits of adding language regarding consultation between the two committees to the CEPP operating code.
5. CEPP continued discussions of faculty input to the proposed Dean's Card revisions (input solicited by CEPP after the February 1<sup>st</sup> faculty meeting).

The meeting was adjourned at 9:35 am.

Respectfully submitted,

Josh Ness
