

CEPP Meeting Notes

February 2, 2026 @10:10-11:10am

Bolton 101

Present: Amy Frappier (Chair), Lila Glanville (SGA), Heather Hurst (Faculty), Natalie Koegler (SGA), Ryan Overbey (Faculty), Javier Perez-Moreno (Faculty), Kelly Sheppard (Assessment), Jamin Totino (Learning Commons, representing DOS/VPSA)

Absent: Adrian Bautista (DOS/VPSA), Robert ParkeHarrison (Faculty), Natalie Taylor (Interim DOF/VPAA)

Scribe: Ryan Overbey

1. Minor amendments to 2025-12-08 minutes; minutes approved with changes
2. Announcements
 - RRO has updated CEPP website with membership and uploaded minutes and agendas for 2025–2026
 - AF: Speaking of the website, we may want to make some documents & resources available to faculty and staff behind a Skidmore-affiliate-only folder?
 - Brief discussion about PDFs on Skidmore's websites and accessibility concerns.
 - Brief discussion about who will be CEPP chair next year; JPM, RRO, and AF will discuss offline.
3. Ongoing Business
 - a. Move to Online Ratings
 - Debrief Friday's faculty-staff forum. Discuss next steps.
 - Staff were not invited to the forum, so we need to host another forum for staff, with CEPP and IR in attendance. 3:30 PM on any day is usually good, we will float 23 or 25 February to the relevant parties as a possibility.
 - Continue prep for 2/6 faculty meeting CoW
 - 5-minute introduction by HH and Eileen Sperry
 - Shuffle room around
 - Groups will answer Qualtrix survey; each table in CoW should have a device for discussion notes.
 - Discussion around whether CEPP members should participate in CoW discussion, or simply moderate.
 - CoW powerpoint, agenda, reminder to bring device will be sent to all faculty by DoF office.
 - As we move forward we will also need to propose and ratify new FHB language, make sure everything harmonizes with CBA. Ideally by 27 March meeting to introduce new business, 1 May meeting to vote, 13 May as backup meeting if needed. AF will reach out to DoF and David Cohen to check availability for conferring with CEPP on this.
 - b. Accreditation and Assessment update
 - KS: Self-study is written, we are uploading pieces of evidence, naming the files, &c. All will be finished by 13 February. No word on who the review team will be. Knowing who reviewers are and which standards they are assigned to is important for scheduling meetings during the visit. We will be in touch with campus leaders to schedule meetings with the reviewers. Reviewers may also request meetings with folks. March 30 and March 31 are big days. April 1 will be the readout from 10:10 AM in Gannett Auditorium.

- At CPD meeting they were talking about addressing latent capacity, and KS suggested revising curricular maps as indirect assessment that would count for assessment work this AY.
 - Creating a rubric for Bridge Experience next year.
- c. Assessment - Senior Coda
- KS created an inventory of codas and potential codas available in various departments and programs, as well as inventory of which codas feature reflection / novel projects.
 - SGA rep emphasized how useful it was to take a 1-credit resume-building/networking coda course.
 - KS: It would be helpful to return to this discussion next week about coda, as we need to prepare for assessment of Coda next year.
- d. Access and Title II discussion tabled for next week
