

## CEPP Meeting Minutes

9.20.2021 @4-5pm

Zoom Conference

Attendees: Peter von Allmen, Adrian Bautista, Andrew Bozio, Kirsten Hogenson, Emilka Jansen, Jina Mao, Michael Orr, Madushi Raththagala, Mahesh Shankar

Scribe: Andrew Bozio

Meeting began at 4:00 pm.

1. Approve meeting minutes
  - a. Minutes were approved
2. Assessment activities (Peter)
  - a. Peter provided an update to the committee, surveying the assessment work that has been done in the past year (particularly over the summer) and the assessment work to be completed in the near future. Specific general education assessment projects for the 2020-21 academic year included work on the FYE and QR requirement. Work on those two areas will continue for 2021-22 along with a new assessment project on the Bridge Experience.
3. Old CEPP motion from 2019/2020
  - a. Jina drew the committee's attention to an old CEPP motion proposing to amend the language in the Faculty Handbook used to describe student evaluations. The committee resolved to table the motion for the time being (with the intention of revisiting it in the spring).
4. Review CEPP motion
  - a. CEPP discussed the rationale for the motion it intends to bring at the next faculty meeting. After revising the language, the committee approved the rationale.
  - b. Jina agreed to run the motion by the chairs of ATC and PC, in the hopes that it can be presented to the faculty at the October 1 meeting.
5. Other agenda items?
  - a. Michael drew the committee's attention to an implied revision of the maturity level requirement that is embedded in the new Gen Ed curriculum.
  - b. Peter noted that the new Gen Ed curriculum includes a provision for review at a certain period of time and recommends that CEPP review that language, to determine what data may need to be collected now.

Meeting concluded at 4:44 pm.
