

Recommended Post-Baccalaureate Programs

Why choose a Post-Baccalaureate program? Post-Baccalaureate programs are for self-motivated graduates who are looking to improve their language skills before entering a M.A or Ph.D. classical studies program. Such a program provides students with an extra year of classical studies with a special emphasis on Greek and Latin to bring students up to the graduate level. All classes are taught at an accelerated pace and prepare students thoroughly for pursuit of a classics degree at the next level.
