

FACULTY DEVELOPMENT COMMITTEE ANNUAL REPORT 2001-2002

Membership:

Carolyn Anderson, Chair (Fall term), Professor of Theater
Adrienne Zuerner, Chair (Spring term), Associate Professor of French
Alice Dean, Professor of Mathematics
Aldo Vacs, Professor of Government
Mary Correa (sabbatical replacement, Spring term), Associate Professor of Management
& Business
Chuck Joseph, Dean of the Faculty (Associate Dean, Fall term)
Sue Bender, Associate Dean (Spring term)

The committee met sixteen times during the academic year. In addition to its routine business, the committee was charged by the Dean of the Faculty with two exceptional tasks. During the late fall and early spring, we discussed and drafted recommendations for the faculty development component of the Strategic Plan. Several of our recommendations, including increased funding for full-year sabbaticals and greater flexibility in assessing faculty workload, appeared in the final document. At the end of spring term, after discussion and debate we outlined goals and prepared eligibility and requirement guidelines for the new faculty summer research grants authorized by President Studley. Other business included modifying slightly the review materials for the Ciancio Teaching Award, and at the request of Associate Dean Bender, the committee discussed a potential collaboration with Union College designed to foster faculty leadership.

Alice Dean will be Chair of the Faculty Development Committee for academic year 2002-2003.

I am very grateful to members of the committee for the integrity and intelligence they brought to our discussions. I also extend much warm appreciation and many thanks to Chris McGill who attended all of our meetings and contributed greatly to the efficiency and work of the committee.

Award and grant recipients are listed below and following.
