I. Frequently Asked Questions

What is Digital Measures?

Digital Measures is a web-based database program that makes it easy for faculty to keep track of and report their activities and accomplishments in teaching, scholarship, and service. In 2017, as part of an initiative of the Office of the Dean of the Faculty, Skidmore College will begin using Digital Measures to complete the Individual Faculty Annual Summary of Activities Report. Through this customized solution, the College plans to collect information about the teaching, scholarship/research, and service accomplishments of faculty members in an accessible, easy-to-use digital format.

Why use a web-based activity reporting system?

Once this data is collected, it will be possible to efficiently and accurately generate real-time reports with the click of a button. Digital Measures has the following benefits:

- **24/7 Access.** Update your activities from any computer with an internet connection, eliminating the last-minute stress of compiling an annual summary report; if you update your activities regularly, your Individual Faculty Annual Summary of Activities Report is just a few clicks away.

- **Saves time.** Enter your activities once and easily generate your Individual Faculty Annual Summary of Activities Report.

- **Eliminates “status updates.”** When up-to-date faculty accomplishments are always available, department chairs, program directors, and the Office of the DOF can compile updated reports without repeatedly contacting you for your most recent activities.

- **Central repository.** Allows you to maintain all your Curriculum Vita information in one convenient place. You can store digital copies of publications and presentations (including text, PowerPoint, audio, photo and video files). It also keeps track of your scheduled teaching and directed student learning activities.

- **Facilitates collaboration.** Unifying faculty data from across the College can identify possible cross-disciplinary partnerships and appropriately direct funding opportunities.

- **Flexibility.** Screens can be edited, data fields can be added or removed, and new custom reports can be created as the need arises.

Who should use Digital Measures?

All Skidmore faculty are expected to report on their annual activities using Digital Measures.
How many years of data must be entered?

At a minimum, faculty members should enter their activities from June 1, 2018 through May 31, 2019, and then maintain that data on a going-forward basis. This will allow an Individual Faculty Annual Summary of Activities Report to be generated for the 2018-2019 academic year, as well as for subsequent years. Of course, the more complete (breadth and depth) your profile, the more useful it will be for reporting purposes.

What are the deadlines?

Faculty must enter their data from the previous academic year by June 30th.

What if my activity doesn’t fit in any existing categories?

In the short term, find the most appropriate category and make use of the “Other” and “Explanation of Other” categories to document this activity. Though Digital Measures has been extensively customized to include most common activities, it’s impossible to encompass the full range of faculty activities within the College. To ensure your activities are properly categorized in the future, please e-mail dmhelp@skidmore.edu with your activity and we will work with Digital Measures staff and revise the categories to fully reflect your contribution.

Who has access to the data?

Faculty members have read/write privileges to their own individual data and the ability to generate a Curriculum Vita and the Individual Faculty Annual Summary of Activities Report.

Department chairs have read-only privileges to their faculty members’ data and the ability to generate custom and ad hoc reports pertaining to their faculty members’ data.

The Office of the Dean of the Faculty has read-only privileges to all faculty members’ and department level data and the ability to generate custom and ad hoc reports pertaining to all faculty members’ and department level data.

Note: The Digital Measures College Administrator, who is responsible for uploading Scheduled Teaching data, Directed Student Learning data, and other limited faculty data (start date, phone number, department), also has read/write privileges. This is required in order to pre-populate certain fields in Digital Measures and/or correct fields that may have been pre-populated incorrectly (but are flagged as “Read Only” in the system such that faculty are unable to edit the fields themselves).

How will this data be used?

Data entered can be used by the faculty member to generate an Individual Faculty Annual Summary of Activities Report and a Curriculum Vita. Faculty members can also use Digital Measures to facilitate the preparation of materials for Promotion and ATC reviews.
Department chairs and program directors can use the system to facilitate the drafting of self-studies or to generate reports about various activities of their faculty as part of departmental assessments. Digital Measures will allow department chairs and program directors to compile the information more quickly, without having to query each faculty member.

The Office of the Dean of the Faculty can use Digital Measures to collect group information critical for accrediting bodies or to demonstrate institutional capacity in grant applications. It can also be used as part of the College’s publicity and advancement efforts.

The data will be for individual or for aggregate purposes only; it will not be used to draw comparisons between individual faculty or between departments.

**Is there any sensitive personally-identifiable data in the system?**

Apart from the data that has already been pre-populated under the Personal and Contact Information, Administrative Data – Permanent Data, Scheduled Teaching and Directed Student Learning screens, the only data in Digital Measures will be the information that faculty members choose to enter. If you feel uncomfortable sharing certain information, such as demographic data or the details of a sensitive or proprietary project, you may choose to leave it out of the system.

**What is the security level of the Digital Measures system?**

Digital Measures provides superior security to ensure your information is safe and secure:
- All Digital Measures servers are AWS EC2 servers that have the capability of being started in any of the AWS data centers in the contiguous United States
- Third party monitoring of all core applications, with call-outs to critical staff in the event of an outage or performance degradation
- All data encrypted both at rest and in transit and protected with firewalls, hardened server environments and more
- IT staff automatically notified of any problem
- Secure SSL-encrypted connection for all data channels
- Session timeouts to prevent unauthorized users
- Full technology insurance coverage in the event of a data breach

**Whom should I contact to ask questions or suggest revisions?**

The College has established an email account for all Digital Measures-related inquiries at [dmhelp@skidmore.edu](mailto:dmhelp@skidmore.edu).
II. Using Digital Measures

Logging into Digital Measures

You can access the Digital Measures system by going to:

https://www.digitalmeasures.com/login/skidmore/faculty/authentication/authenticateShibboleth.do

This brings up the page shown below:

Log in with your Skidmore College User ID and password. You do not need a separate password to access Digital Measures.

Invalid or forgotten password issues should be reported to Skidmore's IT HelpDesk at helpdesk@skidmore.edu.

Errors regarding "no account found" should be reported to dmhelp@skidmore.edu.
Working in Digital Measures

The *Manage Activities* screen (below) is the first screen that appears after logging into Digital Measures. All screens in which data are entered may be accessed from here, as well as screens from which reports may be run. These screens have been customized to meet the specific reporting needs of Skidmore College.

The *Manage Activities* utility enables faculty to keep track of teaching, scholarship/research, and service activities.

The link at the top of the *Manage Activities* page: [Review a guide](#) to manage your activities. will always contain a link to Digital Measures’ Faculty/Staff Guide.

When you first visit the *Manage Activities* page, it’s recommended that you spend a few minutes looking through the screens accessible from it. To access a screen, click its name. The resulting summary screen displays records that are stored for that screen.
Managing Data

There are several actions you can take from a summary screen, although not all of these actions will always be available on every screen.

To add a new record, select the **+ Add New Item** button.

To import items in bulk, select the **Import** button (available only for the Publications screen).

To edit or view a record, click anywhere in the record row on the summary screen.

Note: Your Digital Measures Administrator has added certain records to the system for you. Some of these records can be viewed, but cannot be edited or deleted. An icon identifies these records. If revisions are needed to the records which have been entered on your behalf, please contact dmhelp@skidmore.edu.

To delete a record, select the checkbox next to the item and then select the **Delete** button located at the top right of the screen.

To copy a record, select the checkbox next to the item and then select the **Duplicate** button located at the top right of the screen.

To search for key words on a screen, use the search bar at the top of the screen:

To go back to the previous screen, click on the chevron button next to the page title:

Note: Digital Measures runs reports based on date ranges. Therefore, it is very important that the data you enter into each screen has a date associated with it (in most cases at least a Month and Year). Otherwise the data will not be picked up by Digital Measures when running your report.
III. Helpful Features and Tips

This section provides an introduction to some of Digital Measures’s advanced features which can greatly expedite the process of entering your activities.

The PasteBoard

The PasteBoard is a timesaving feature. The PasteBoard allows you to copy text from another document, such as your Curriculum Vita in Microsoft Word, and paste it into the PasteBoard. After you have pasted text into the PasteBoard, you can select text from it, click-and-hold on the text you selected, and drag the text into any field in the system to add that information.

To access the PasteBoard, click on PasteBoard on the upper right corner of the navigation bar:
The Pasteboard will appear in the bottom right-hand corner of your screen and can be dragged anywhere on the screen as needed. Any text in the PasteBoard upon logging out will remain in the PasteBoard for future sessions.

Adding a New Record

In each screen you will need to add records separately. For example, in the Awards and Honors screen below, you will have to select the Add New Item button to enter each award and honor:

![Awards and Honors Screen]

Save

When you are finished entering your data, please remember to always select

![Save Buttons]

The Save button will save the data you entered and return you to the previous screen. The Save + Add Another button will save the data you entered and will give you a new page to add another record.

Expanding Text Boxes

You may see two diagonal lines in the bottom right corner of text boxes:

![Text Box Expander]

Clicking this area and dragging allows you to resize the text box as needed.
Entering Authors, Investigators, Presenters, Performers, etc.

When you enter a record into any of the 6 screens under the Scholarship/Research category:

- Contracts, Fellowships, Grants and Sponsored Research
- Exhibits and Performances
- Intellectual Property
- Presentations
- Publications
- Other Research Activity

**by default, you will appear as the first author, investigator, presenter, performer, inventor, etc.** Your last name, first name and username will be displayed at the far left under “People at Skidmore College.” You do not need to enter your name in the blank fields to the right of your username unless you want the record to reflect a different name:

In cases where you wish to use a different name, you can alter the name that will be displayed in Digital Measures reports for the record you are entering. In the blank fields to the right of where your username appears, type the alternate name you wish to use for that record. Your reports will display that entry with the alternate name:

**Note:** This will only affect the record for which the information is entered. The information must be entered into each record for which you want an alternative name to be displayed.
To add additional contributors, select the appropriate number of contributors to add in the box to the right of ‘Select the number of author/editor/translator rows to add’ and then click on the +Add button:

If the co-contributor is a faculty member at Skidmore, you may select his/her name from the “Select or type a name” drop-down list on the left:

Once you have selected the contributor’s name from the drop-down list, you do not need to enter his/her name in the blank fields to the right of where his/her username appears unless you want the record to reflect a different name.

**Skidmore students and non-Skidmore faculty will not appear in the drop-down list.** If the co-contributor is a student or is not a faculty member at Skidmore, type the name of the individual and his/her organization in the fields to the right of the drop-down list:
**Note:** Digital Measures is a relational database. For example, if multiple Skidmore users authored an article, the first user to enter the citation is considered the “owner” of the record. When a user enters the citation, the record will be associated with ALL of the collaborating authors. If you see a record that says, “Entered By: Faculty Name,” then a co-contributor has already created the record. **Please do not create a duplicate record.** If any of the information entered by your co-contributor is incorrect, please work with that individual to correct it.

**Changing Contributor Order**

For records with more than one contributor, you can easily change the contributing order using the three icons on the far right side of the page:

You can use the downward arrow icon (👇) to move a contributor down in the order, or the upward arrow icon (👆) to move a contributor up in the order.

If an arrow icon is grayed out as shown in the image above, the selected contributor cannot be moved up or downward any further.

Similarly, additional contributors can always be deleted from records by clicking the delete icon (🗑️) at the far right of the row, as shown above.

If you choose to delete a contributor, a popup window will appear to confirm your decision. Click the **OK** button to delete this author and return to the activity page.
Importing Publications

There are two ways for you to import your publications from other databases. From Manage Activities, click on Publications under the Scholarship/Research category. From there, click on the Import button:

You will then be given two different options for importing items:

Option A: Import from a BibTeX file

Using the BibTeX Import feature within Digital Measures, you can import citations that are already stored in another software system such as a reference manager or database (e.g., EndNote, Google Scholar, Mendeley, RefWorks, Scopus, Web of Science, and Zotero). Click here for a step-by-step guide: http://www.digitalmeasures.com/activity-insight/docs/bibtex.html

Option B: Import from Third Party

Using the Import from Third Party feature, you can pull your citations into Digital Measures directly from PubMed, Crossref or Web of Science without first saving them into a BibTeX file. Click one of the below links for a step-by-step guide:

PubMed: https://www.digitalmeasures.com/activity-insight/docs/pubmed.html
CrossRef: https://www.digitalmeasures.com/activity-insight/docs/crossref.html
Web of Science: https://www.digitalmeasures.com/activity-insight/docs/wos.html

Note: When importing from PubMed, Crossref, or Web of Science, the automatic search may return items that are from similarly named researchers in addition to your own. To resolve this, make sure to click the checkboxes next to only the scholarly works that you have produced.
**Rapid Reports**

While you are managing your activities, you may want to see how a particular change looks on a report. The *Rapid Reports* feature provides a way to quickly and easily run simple reports on the data in the system, including your Individual Faculty Annual Summary of Activities report.

To run a report using *Rapid Reports*:

1. Click on *Rapid Reports* on the upper right corner of the navigation bar:

2. Select the report you want to run, and add the start and end date for the report.

3. Click on the *Run Report* button.

When you receive the message to open or save, click on the *Open* button. The report will then open in a Word document. When it opens in Word you will have to click on the *Enable Editing* button at the top of the page to be able to make any revisions or save the document. Save the document to your computer.
Activity Categories

Manage Activities contains four categories used to report faculty activities, which are explained briefly below. For your convenience, a more detailed table of Common Activities and Entry Locations is appended to this guide.

- The General Information category is where you can enter your personal and contact information, leave status, course releases, educational and work history, administrative assignments, honors and awards, certifications, and professional memberships.

- The Teaching category contains information about scheduled teaching, academic advising, teaching innovation and curriculum development, and other activities that directly impact student learning.

- The Scholarship/Research category is where you can enter information about grants, publications, exhibits, presentations, and other scholarly and professional activities.

- The Service category is where you can enter information about your service at Skidmore, both at the department and college level, service for professional organizations and committees outside Skidmore, and service to the community.

A fifth category, Reflection, contains information regarding your most important achievement for the academic year, as well as two or three professional goals you have for the upcoming academic year and how Skidmore might support these efforts.

Things to Remember When Working in Digital Measures

- Digital Measures runs reports based on date ranges. Therefore, it is very important that the data you enter into each screen has a date associated with it (in most cases at least a Month and Year). Otherwise the data will not be picked up by Digital Measures when running your report.

- Digital Measures works best when using Google Chrome or Mozilla Firefox.

- Digital Measures does not automatically save your entries. You must click “Save” to ensure all of the information you entered is retained.

- Data fields in the various screens should be completed if they are applicable to you and you want them included in your report. If you are not comfortable sharing certain information, you are not required to include it.

- While most information must be entered by you, some data has already been pre-populated, such as some of the information shown under the Scheduled Teaching and Directed Student Learning screens as well as some personal and administrative information. If you find that some of this information is incorrect, please contact dmhelp@skidmore.edu and we will work with you to correct it.
IV. Appendix

Common Activities and Entry Locations

The following information provides a list of major faculty activities and corresponding entry locations in Digital Measures.

<table>
<thead>
<tr>
<th>Name of Screen</th>
<th>Category</th>
<th>Description</th>
</tr>
</thead>
<tbody>
<tr>
<td>Personal and Contact Information</td>
<td>General Information</td>
<td>This screen captures your personal and contact information such as your name, email address, phone number, office location, and other optional fields. Some fields have been pre-populated.</td>
</tr>
<tr>
<td>Biography and Expertise</td>
<td>General Information</td>
<td>This screen captures your brief biography, areas of specialization, professional interests, other interests, notable courses taught, and languages.</td>
</tr>
<tr>
<td>Administrative Data – Permanent Data</td>
<td>General Information</td>
<td>This screen captures your starting rank and start date at Skidmore, dates of subsequent rank(s) attained, and tenure decision date. Start date at Skidmore has been pre-populated and is read only. Fields on this screen should be updated when you attain a new rank.</td>
</tr>
<tr>
<td>Administrative Data – Yearly Data</td>
<td>General Information</td>
<td>This screen captures your department, rank, tenure status and leave status for each academic year. Rank and tenure status should be updated when you attain a new rank or status.</td>
</tr>
<tr>
<td>Administrative Assignments</td>
<td>General Information</td>
<td>This screen captures information about your administrative assignments at Skidmore (i.e., Acting Chair, Assistant Dean, Assistant Director, Associate Chair, Associate Dean, Associate Director, Chair, Dean, Director, or Endowed Chair), both at the College and Department level.</td>
</tr>
<tr>
<td>Awards and Honors</td>
<td>General Information</td>
<td>This screen captures information about your awards and honors related to leadership, scholarship/research, service (college, professional, public) and teaching for which you may have been nominated or received.</td>
</tr>
<tr>
<td>Consulting</td>
<td>General Information</td>
<td>This screen captures information about consulting work performed for an organization, either compensated or pro bono, that was contracted between you and the client organization and did not go through Skidmore. If you served as a consultant on a grant, you may also wish to enter this information under the “Contracts, Fellowships, Grants and Sponsored Research” screen.</td>
</tr>
<tr>
<td>Course Releases</td>
<td>General Information</td>
<td>This screen captures information about course releases taken each academic year.</td>
</tr>
<tr>
<td>Name of Screen</td>
<td>Category</td>
<td>Description</td>
</tr>
<tr>
<td>------------------------------------</td>
<td>----------------</td>
<td>---------------------------------------------------------------------------------------------------------------------------------------------</td>
</tr>
<tr>
<td>Education</td>
<td>General Information</td>
<td>This screen captures information about your education such as degree, institution, major, thesis, year completed, advisor information, and associated coursework.</td>
</tr>
<tr>
<td>Faculty Development Activities Attended</td>
<td>General Information</td>
<td>This screen captures information about your development activities attended that serve to develop your knowledge and skills, such as conference attendances, continuing education programs, faculty internship/fellowships, self-study programs, seminars, tutorials, or workshops.</td>
</tr>
<tr>
<td>Licensures and Certifications</td>
<td>General Information</td>
<td>This screen captures any licenses/certifications held.</td>
</tr>
<tr>
<td>Media Appearances and Interviews</td>
<td>General Information</td>
<td>This screen captures media appearances and interviews (TV, radio, newspaper, magazine, internet, etc.) where you were invited to share your professional expertise.</td>
</tr>
<tr>
<td>Professional Memberships</td>
<td>General Information</td>
<td>This screen captures information about your memberships within professional organizations, associations and societies external to Skidmore. Leadership positions held or other unique activities performed for an organization outside of Skidmore should be entered in the Professional screen under the Service category.</td>
</tr>
<tr>
<td>References</td>
<td>General Information</td>
<td>This screen captures your references' contact information.</td>
</tr>
<tr>
<td>Work History</td>
<td>General Information</td>
<td>This screen captures both Skidmore and non-Skidmore related work experience.</td>
</tr>
<tr>
<td>Academic Advising</td>
<td>Teaching</td>
<td>This screen captures information about students you advised each term. Numbers entered should be based on the number of advisees you had at the end of each given semester. Only include advisees for which you are the advisor of record.</td>
</tr>
<tr>
<td>Directed Student Learning</td>
<td>Teaching</td>
<td>This screen captures information about your activities working one-on-one with individual students, including term and year; course name, prefix and number; involvement type; student's first and last name; title of the student's work, stage of completion, and any comments. Some records have already been created for you based on courses designated in Banner as independent study, internship, research, or seminar and cannot be edited. However, you may add additional records to capture additional student mentorship activities.</td>
</tr>
<tr>
<td>Non-Credit Instruction Taught</td>
<td>Teaching</td>
<td>This screen captures non-credit instruction taught, such as certification classes, continuing education, serving as a guest lecture, leading a workshop, etc.</td>
</tr>
<tr>
<td>Name of Screen</td>
<td>Category</td>
<td>Description</td>
</tr>
<tr>
<td>----------------------------------------</td>
<td>----------------</td>
<td>-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------</td>
</tr>
<tr>
<td>Scheduled Teaching</td>
<td>Teaching</td>
<td>This screen captures information about each course taught. Most fields are pulled from Banner and are read only. However, you may enter details, such as whether the course was a new course preparation or new format for an existing course, and any comments.</td>
</tr>
<tr>
<td>Teaching Innovation and Curriculum</td>
<td>Teaching</td>
<td>This screen captures activities related to curricular development, the preparation of new courses or degree programs, revisions to existing courses or degree programs, and other strategies for improvement before they are actually implemented. For example, you may enter information related to your preparation or development of specific teaching innovations such as new classroom techniques; new teaching material such as course modules; or activities that will enhance student learning such as guest speakers, outside projects, field trips, etc.</td>
</tr>
<tr>
<td>Contracts, Fellowships, Grants and</td>
<td>Scholarship/Research</td>
<td>This screen captures details about grants, contracts and fellowships, both internal or external to Skidmore, and whether planned, pending, funded or not funded. You may also enter details about any additional investigators (both Skidmore and external, including students), collaborating institutions or subcontractors. If you received a pedagogy grant to develop a course, you may wish to enter this information under the Teaching Innovation and Curriculum Development screen as well.</td>
</tr>
<tr>
<td>Sponsored Research</td>
<td>Scholarship/Research</td>
<td>This screen captures details about exhibits and performances, such as artist-in-residences, dance performances, exhibitions, films, film screenings, music and theater performances, etc. You may also enter details about any additional performers or exhibitors (both Skidmore and external, including students).</td>
</tr>
<tr>
<td>Intellectual Property</td>
<td>Scholarship/Research</td>
<td>This screen captures information about patents and copyrights. You may also enter details about any additional inventors (both Skidmore and external).</td>
</tr>
<tr>
<td>Presentations</td>
<td>Scholarship/Research</td>
<td>This screen captures information about presentations given to an audience of your professional peers, such as a lecture, poster presentation, etc. You may also enter details about any additional presenters (both Skidmore and external, including students).</td>
</tr>
<tr>
<td>Name of Screen</td>
<td>Category</td>
<td>Description</td>
</tr>
<tr>
<td>--------------------------------------</td>
<td>-------------------</td>
<td>--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------</td>
</tr>
<tr>
<td>Publications</td>
<td>Scholarship/Research</td>
<td>This screen captures all scholarly work written, edited or translated, such as books, book chapters, book reviews, journal articles, textbooks, etc. You may enter details about whether publications are in preparation, submitted, accepted, not accepted, in press, under revision/resubmitted, or published. You may also enter details about any additional authors, editors and translators (both Skidmore and external, including students).</td>
</tr>
<tr>
<td>Other Research Activity</td>
<td>Scholarship/Research</td>
<td>This screen captures information about research activities that are not internally or externally supported by grant funds, whether planned, ongoing, or complete. You may also enter details about any additional collaborators (both Skidmore and external, including students).</td>
</tr>
<tr>
<td>Department/College</td>
<td>Service</td>
<td>This screen captures service at Skidmore, at both the College and Department level. Service activities include admissions, fundraising, or institutional grant writing activities; serving on an advisory board, task force, or working group; campus event organizing; serving as a student club advisor or faculty mentor; or serving on a compliance committee, department curriculum committee, department self-study committee, governance committee, personnel review committee, search committee, steering committee, or student scholarship committee.</td>
</tr>
<tr>
<td>Professional</td>
<td>Service</td>
<td>This screen captures service activities and leadership positions for professional organizations, committees and clubs outside of Skidmore that contribute to your profession or discipline, such as serving as a reviewer/referee for a professional journal or on the board of advisors for a professional association. Membership within these organizations may also need to be entered under Professional Memberships in the General Information category.</td>
</tr>
<tr>
<td>Public</td>
<td>Service</td>
<td>This screen captures service to the community where your expertise is still utilized. Examples include serving on the board of a local non-profit, guest speaking at a civic organization, etc.</td>
</tr>
<tr>
<td>Brief Reflection on Professional Achievements and Goals</td>
<td>Reflection</td>
<td>This screen should be updated on an annual basis as part of your Annual Summary Report.</td>
</tr>
</tbody>
</table>
Required Fields for Annual Summary of Activities Report

Data fields circled in blue indicate what information will be automatically pulled from certain Digital Measures screens to populate your Annual Summary Report. These fields should be completed if they are applicable to you and you want them included in your Annual Summary Report.

Administrative Data – Yearly Data Screen
Administrative Assignments Screen

At least one date **must** be entered and be between June 1 – May 31 of reporting year in order for activity to appear in Annual Report.

Awards and Honors Screen

“Purpose” **must** be entered in order for activity to appear in Annual Report.

Date entered **must** be between June 1 – May 31 of reporting year in order for activity to appear in Annual Report.
**Consulting Screen**

“Compensated or Pro Bono” **must** be entered in order for activity to appear in Annual Report.

At least one date **must** be entered and be between June 1 – May 31 of reporting year in order for activity to appear in Annual Report.

**Course Releases Screen**

“Term and Year” **must** be entered in order for activity to appear in Annual Report.

Term and Year must be between June 1 – May 31 of reporting year in order for activity to appear in Annual Report.
Faculty Development Activities Attended Screen

At least one date **must** be entered and be between June 1 – May 31 of reporting year in order for activity to appear in Annual Report.

Licensures and Certifications Screen

At least one date **must** be entered and be between June 1 – May 31 of reporting year in order for activity to appear in Annual Report.
Media Appearances and Interviews Screen

Date entered **must** be between June 1 – May 31 of the reporting year in order for activity to appear in Annual Report.

Academic Advising Screen

Date entered **must** be between June 1 – May 31 of reporting year in order for activity to appear in Annual Report.
Note: Some records have already been created for you. In those cases, these fields will be read-only.

Directed Student Learning Screen

Non-Credit Instruction Taught Screen

“Term and Year” must be entered in order for activity to appear in Annual Report.

Term and Year must be between June 1 – May 31 of reporting year in order for activity to appear in Annual Report.

At least one date must be entered and be between June 1 – May 31 of reporting year in order for activity to appear in Annual Report.
Scheduled Teaching Screen

Fields are pre-populated and read-only.

Teaching Innovation and Curriculum Development Screen

At least one date must be entered and be between June 1 – May 31 of reporting year in order for activity to appear in Annual Report.
Contracts, Fellowships, Grants and Sponsored Research Screen

“Current Status” must be entered in order for activity to appear in Annual Report.

At least one date must be entered and be between June 1 – May 31 of reporting year in order for activity to appear in Annual Report.
Exhibits and Performances Screen

**Exhibits and Performances Screen**

Please select a person from the drop-down list and/or enter their name in the input fields. By default, your name will appear as the first performer/exhibitor. You do not need to enter your name in the blank fields unless you performed/exhibited under a different name. You can add additional performers/exhibitors by selecting the appropriate number of performer/exhibitor rows to add, and then change the order using the up/down arrows. Please note that Skidmore students and non-Skidmore faculty will not appear in the drop-down list and you will have to enter their names in the fields provided.

**Performers/Exhibitors**

- **People at Skidmore College**
  - First Name
  - Middle Name/Initial
  - Last Name
  - Role
  - If a student, what is his/her level?
  - Organization

**Select the number of performer/exhibitor rows to add:**

- **Was this peer-reviewed/referred?**
- **Web Address**
- **Scope**

**Note:** For activities that are/were only on one day, leave the start date blank and specify the end date. For activities that you started but have not yet presently completed, specify the start date and leave the end date blank. At least one date must be entered and be between June 1 – May 31 of the reporting year in order for this activity to appear in your Annual Summary Report.

**Start Date**
