

Logging into Digital Measures

You can access the Digital Measures system by going to:

<https://www.digitalmeasures.com/login/skidmore/faculty/authentication/authenticateShibboleth.do>

This brings up the page shown below:

The image shows a web form for Skidmore College Single Sign-On (SSO) authentication. At the top, the Skidmore College logo is displayed, with "SKIDMORE" in a large serif font and "COLLEGE" in a smaller font below it. The form itself is a light yellow rectangle with a thin black border. Inside, the text "Authenticate to Skidmore SSO" is centered. Below this, there are two input fields. The first is labeled "Skidmore ID" and has a placeholder text "@skidmore.edu". The second is labeled "Skidmore Pass" and has a placeholder text "(Case Sensitive)". To the right of the password field is a green "Log In" button.

Log in with your Skidmore College User ID and password. You do not need a separate password to access Digital Measures.

Invalid or forgotten password issues should be reported to Skidmore's IT HelpDesk at helpdesk@skidmore.edu.

Errors regarding "no account found" should be reported to dmhelp@skidmore.edu.
