

Committee on Faculty Governance
Motion on Handbook Language

April 30, 2004

Motion: CFG moves the following change in Part One of the Faculty Handbook, Section XX (Procedures for Handbook Amendments), Paragraph D, last sentence (strike-through language is removed, bold language is added):

“Revisions to Part Three will be adopted once the ~~All-College Council~~ **Institutional Planning Committee (IPC)**, the Student Government Association (SGA), and the Committee on Faculty Governance (CFG) have agreed upon the revisions.”

Rationale: The reconfigured IPC is a more appropriate body to deliberate and approve changes to Part Three of the Handbook (College Governance) than is the All-College Council. Since numerous changes to the all-college committee structure may be considered next year, this change will facilitate that process.
