

Welcome Prospective First Year Students

CLASS OF 2025

- To apply for Skidmore grant assistance begin by checking “yes” on the Skidmore Admission application to the question asking: Are you applying for financial aid?
- When completing the Skidmore Admission application and the College Scholarship Service (CSS) PROFILE be sure to use your correct social security number. While the social security number is not required on the admission application, it is required when applying for financial aid. Delays in matching your financial aid and admission applications will occur if you do not provide your name and social security number as they appear on your social security card.
- The CSS PROFILE is required for Skidmore grant eligibility determination.
- The FAFSA is required for Federal aid eligibility determination.

IMPORTANT FINANCIAL AID APPLICATION DEADLINES

Early Decision I (EDI) November 15, 2020
Early Decision II (EDII) January 15, 2021
Regular Decision January 15, 2021

Application for Skidmore grant eligibility is as easy as 1, 2, and done...

1. Complete the 2021-2022 College Scholarship Service (CSS) Financial Aid PROFILE.
The Skidmore College Code is 2815.
2. If your parents do not live together, each parent must complete a separate 2021-2022 CSS Profile. It is highly recommended that the student and the “custodial” parent start the CSS Profile application before the “non-custodial” does so. If either or both parents is remarried, that parent’s current spouse’s information would also need to be provided on the CSS Profile.

SIX SKIDMORE FAMILY FINANCIAL AID SCENARIOS

Skidmore's 2020-21 student costs are as follows: Tuition/fees; \$58,278, room; \$9,178 (dorm double), meals; \$6,346 and books/supplies/personal expenses and travel; \$2,828 (est.).

That's not a small amount. But many families won't pay the full cost. Below, courtesy of the *MyinTuition Quick College Cost Calculator*, is a listing of six Skidmore family scenarios, from lower- to higher-income families (grant awards are highlighted in yellow). Keep in mind that they are general approximations of financial aid awards based on income, assets, etc.

<p>#1</p> <p>\$40,000 Income, \$5,000 parent savings, 4 in household, 1 in college:</p>	<p>#2</p> <p>\$75,000 income, \$50,000 home equity, \$10,000 cash/savings, 4 in household, 1 in college:</p>	<p>#3</p> <p>\$123,000 income, \$50,000 home equity, \$10,000 cash/savings, 4 in household, 1 in college:</p>
<p>\$68,730 grant</p>	<p>\$58,630 grant</p>	<p>\$46,730 grant</p>
<p>\$3,500 loan \$2,400 work-study \$2,000 family contribution</p>	<p>\$3,500 student loan \$2,400 work-study \$12,100 family contribution</p>	<p>\$3,500 student loan \$2,400 work-study \$24,000 family contribution</p>
<p>#4</p> <p>\$186,000 income, \$250,000 home equity, \$20,000 cash/savings, 4 in household, 1 in college:</p>	<p>#5</p> <p>\$186,000 income, \$250,000 home equity, \$200,000 cash/savings, 4 in household, 2 in college:</p>	<p>#6</p> <p>\$246,000 income, \$250,000 home equity, \$20,000 cash/savings, 4 in household, 1 in college:</p>
<p>\$22,430 grant</p>	<p>\$41,730 grant</p>	<p>\$7,530 grant</p>
<p>\$3,500 student loan \$2,400 work-study \$48,300 family contribution</p>	<p>\$3,500 student loan \$2,400 work-study \$29,000 family contribution</p>	<p>\$3,500 student loan \$2,400 work-study \$63,200 family contribution</p>
