SKIDMORE

C O L L E G E

Welcome to the grand opening of Skidmore College's new 103-acre **White Hollow Farm**. We are thrilled to share this beautiful new facility with our horse show exhibitors and participants. You spoke, and we listened! We now have five large competition rings with state-of-the-art drainage and all-weather footing. We offer both permanent and tented stabling, as well as grass turn out paddocks in various sizes. As with any new venue, this project will be a work in progress as we continue to develop the property to meet your needs. We value your input and continually strive to do our best, so please feel free to share your thoughts and ideas with us.

Our management team, executive committee, and the College administration is committed to providing you with a quality show experience that delivers a safe and friendly atmosphere, thoughtful scheduling, and limited entries. The most important aspect of this show is that ALL proceeds go directly to fund scholarship awards for students admitted to Skidmore College. This is the College's largest fund raising event, and has raised \$4.5 million for financial aid. We are extremely grateful to all of our loyal sponsors for their continuous support and willingness to help provide access to higher education. Thank you!

Skidmore College has made an enormous investment developing this facility. We have set multi-phased project goals over the next few years funded by philanthropy and site revenues. This year, we are looking to raise \$1.5-\$2 million to help offset the start-up costs. We offer many naming opportunities, and all gifts supporting this initiative are tax deductible. Donors/Sponsors who make a \$1,000 gift or more will have their name or the names of their choice (horse, farm, children, etc.) on the boards encompassing our pony ring, named **The Friendship Arena**. Names will be etched on a brass plate similar to, but larger than, a bridle plate. Please consider making a gift. A permanent naming opportunity at this price is a steal!

Enjoy the show and your visit to Saratoga where *Health, History, and Horses* are our tradition and the official city slogan. If we can be helpful in any way, please let us know.

Sincerely,

Adele Einhorn
Executive Director

MINI DRAGNFLY

The MINI DragNfly has an open cage roller on the front, next there is three rows of tines that work like fingers to mix and spread the surface keeping the footing from clumping, giving an ultimate mixing effect of the surface. This drag is designed to mix the surface only. This drag cannot dig, working great for shallow footing surfaces. It can be pulled behind ATV, golfcart etc, or small compact tractor.

Sizes D60", D72", D84", D96"

THE DRAGNFLY

The unique design of the DragNfly features a row of adjustable, aggressive ripper teeth that are offset, having a working depth of up to 4 inches. The teeth are designed with a curve on the bottom to roll unused footing to the surface. The rear two rows of spring tines are off set and can be adjusted by a manual ratchet. The spring tines work like fingers to mix & spread keeping the footing from clumping, giving an ultimate mixing effect of the surface. The rear bar roller rolls the material back down leaving an attractive pattern finish. The DragNfly handles all types of footings. The DragNfly can easily be pulled with small tractor, ATV, UTV, Golfcart ect.. sizes D60", D72", D84", D96"

DRAGNFLY PRO

The DragNfly PRO renovates and conditions conventional and synthetic footings on horse riding arenas and tracks. Since this groomer handles all types of footings there is no need to buy multiple groomers when you change the footing surface in your arena. The DragNfly PRO adds unique features over the DragNfly. The 3 Point Hitch swivels to allow easier turning without throwing the footing. Coupled with a compact length, this groomer allows tight turns around jumps with a relatively low horsepower requirement.

Sizes D72", D84", D96"
