During AY 2007-2008, the full IRB met 10 times. Thirty-four protocols were submitted for review from September 2007 through May 2008. Of these, 3 were exempt from review, 1 was not completed by the PI, and 30 were either expedited or full reviews.

Web-based research projects have been increasing in number in recent years. Therefore, the IRB reviewed and discussed guidelines from other institutions and established Skidmore's first written guidelines for web-based research.

During AY 2007-2008, Anita Miczek, the IRB Coordinator, updated Continuing Reviews for all past protocols.

Respectfully submitted,

Holley Hodgins, Chair
