IT GETS COLD IN THE ADIRONDACKS

students always say on their surveys that
we should tell them it gets cold, well
WE DO and WE DO so over and over

LAYERS ARE KEY TO A GOOD TRIP

WE OFFER LOANER GEAR. You can email us at mtoia@skidmore.edu

We provide lake-safe sunscreen and bug spray, med kits, and fun!

For any outdoor experience, it is a good idea to avoid 100% cotton clothing. They lose all of their insulating ability when they get wet. Polyester/cotton blends are better, and wool or synthetic clothing is best. Please remember that it does get cold at night. The Adirondacks can

be quite chilly-certainly cooler than Saratoga. We expect the temps to be 10 to 15 degrees cooler than Saratoga due to elevation gain

It gets cold in the Adirondacks at night, be prepared!
