Housing Model

“Graduated Housing”

Skidmore College’s housing system is built on the idea that student will “graduate” to other types of housing as they move from First-Year to Senior. Then throughout the year we expect the classes to move to the next type of housing to open up space for the lower class standing students. The typical progression is:

Triple → Double → Single → Apartment/Off-Campus

Ideally the housing type by class is as follows:

First Year – Doubles or Triples

Sophomore – Singles or Doubles

Juniors – Singles, Apartments or Off-Campus

Seniors – Singles, Apartments or Off-Campus

Please note that this model does not mean that students are guaranteed any particular housing type.

Housing Facilities - Operation

All Skidmore College’s housing facilities are located on the Skidmore College campus as part of the On-Campus Residential System. The On-Campus Residential System consists of 31 residential buildings operated as part of 10 communities. All buildings within the Residential Community are wholly owned and operated by Skidmore College. Responsibility for these facilities is spread between various departments, though operation of the facilities is primarily the responsibility of the following three:

 - Educational programs
 - Paraprofessional and Professional Staffing
 - Addressing Student Concerns
 - Development of Residential Communities

 - General Maintenance
 - Electrical
 - Carpentry
 - Plumbing
 - Locks (Hardware only)
 - HVAC Systems
 - Housekeeping

- Grounds
- Information Technology
 - Cable and Internet
 - Locks (Software only)
- Office of the Dean of Special Programs
 - Summer operations (Residential Life functions) during summer months.

Specialty Housing Options

The Office of Residential Life offers several specialty housing options to students. Currently the follow options are available:

Substance Free Housing - The purpose of the Substance Free Community is to support all students in their decision to not allow alcohol or other drugs to negatively affect the community in which they live. Further, the Substance Free Community exists in order to provide students with a comfortable, safe, living environment free from the pressures associated with alcohol and other drugs. This community is closely-knit as students share this common bond. Students who are in substance abuse recovery programs are encouraged to apply.

The Substance Free community is traditional located within Howe-Rounds Hall.

Students living within this community agree to three conditions:

- Not to physically bring drugs and/or alcohol into this community
- Not to enter this community under the influence of drugs and or alcohol
- Not bring guests into this area who are under the effects of drugs and/or alcohol

If student who live in this community are found to violate any of these conditions they may be asked to move out of the community.

Substance Free – Quiet Housing – Substance Free – Quiet housing is an extension of the Substance Free community. This community observes all the same conditions as the larger Substance Free community but with an addition of year-round 24 hour quiet hours for students looking for a quieter atmosphere.

Substance Free-Quiet housing is located within the Substance Free community on Rounds Hall 3rd floor.

Gender Neutral Housing – Gender Neutral housing is a housing option where neither legal sex nor gender is the basis for housing assignments. Students who identify as ally, gender variant, queer, or transgender have found gender neutral housing a beneficial option.

The availability of this housing option varies yearly and is based on demand from the current student population.

Quiet Floor - The Quiet Floor is a housing option provided to student who would prefer a quieter living environment than would otherwise be found in the Residence Halls. This floor observes 24 hour quiet hours for the entirety of the academic year.

Students living in this option agree to respect the 24 hour quiet hours during their stay on the floor. Students found to be violating quiet hours may be moved by the Office of Residential Life to other areas on campus.

The Quiet Floor is located on the 5th floor of Jonsson Tower.

Women's Floors - Keeping with our roots of initially founded as a women's college, Skidmore College currently offers two women's floors within our residence halls. These floors provide our female students with an opportunity to live in a floor community consisting exclusively of other women.

Female students who wish to live separate from male students for cultural, religious and other personal reasons have found the women's floors to be a beneficial option.

The Woman's Floors are located on 3rd Floor of McClellan Hall and the other on the 3rd floor of Wilmarth Hall.

The women's floors are open only to students whose legal sex is female.

Multicultural Community – The Multicultural Community was developed to provide opportunities for Skidmore students to learn about and appreciate the diverse backgrounds of their peers. This community is open to students of all racial and ethnic identities to celebrate and support all students at Skidmore College.

The Multicultural Community is located on the 10th floor of Jonsson Tower.

Global Community - The Global Community was developed to provide space for students who value learning about other countries. This community is open to all students (domestic, international, study abroad alums, etc.) who wish to learn more about the global influences on students at Skidmore College.

The Global Community is located on the 11th floor of Jonsson Tower.

Section II: General Policies and Procedures

On-Campus Housing

On-Campus Housing Requirement

Skidmore College has an On-Campus housing requirement for all full-time students. Full-time students are expected to live on-campus for each year they are enrolled at Skidmore. Students can apply for exemptions to this requirement during the Housing Selection process in the spring semester once they reach junior class standing. Other exemptions are given for the following reasons:

- Age – 22 Years or older by Sept 1st of academic year for which one requests to live off-campus
- Marital Status – Married students may receive exemption
- Family Residence – Family lives in a 30 mile radius of Skidmore College
- Children – Students with Children
- Financial Constraints (In consultation with Financial Aid Office)
- Accommodations (through Coordinator for Student Access)

Board Plan Requirement

All students, without exception, residing in the Residence Halls are required to be on an Unlimited Meal Plan with the college. Unlimited meal plans provide students with unlimited access to the Murray-Atkins Dining Hall during operating hours. A student's Unlimited Meal plan applies only to the student themselves and cannot be used by others.

Students residing in the Apartments or Off-Campus are not required to be on any meal plan with the College. The College provides a number of meal plan options that Apartment residents and Off-Campus student can purchase if they desire.

Full-Time Student Requirement

To live in On-Campus Housing students must be enrolled as a Full-Time student. Full-Time student status is defined as being enrolled in a minimum of 12 credit hours. Students enrolled in fewer than 12 credits will be required to live off-campus.

Exceptions may be granted under limited circumstances including:

- Academic accommodations necessitating a reduced course load.
- Part-time status resulting from temporary or recent permanent disability
 - Temporary illness (Mononucleosis, Influenza, common cold, etc.)
- Graduating Seniors in their final semester
 - Graduating Seniors with a reduced load of at least 9 credits in their final semester may apply for an exception to the full-time student status require.

When reviewing cases for exception to the full-time status requirement a student's conduct record may be considered.

Change in Status – Leave, Withdraw, Part-Time Status

In the case of a leave of absence, withdrawal, or change to part-time student status during the academic year, students are required to vacate their rooms within twenty-four (24) hours after their leave, withdraw or change to part-time status has been approved. Students are required to remove all of their belongings prior to leaving campus

Since staff commitments must be made in advance and the costs of plant operation are relatively fixed, the College must observe a limited refund policy regarding room and board charges in the event of withdrawal, leave of absence, or other changes in residence status. Details on the refund policy can be found on the Bursar's office website through the following link <https://www.skidmore.edu/bursar/withdrawal/schedule.php>.

On-Campus Housing Guarantee

Skidmore College guarantees On-Campus housing to all full-time students attending classes on campus in Saratoga Springs, NY. The guarantee applies to all students who have not forfeited their housing guarantee or had it revoked.

Please note that this housing guarantee only guarantees that there will be a bed available for a student. It does not guarantee any particular housing type.

Forfeiture of On-Campus Housing Guarantee

Junior and Senior standing students who fail to complete the housing selection process or select to live off-campus during the housing selection process, forfeit the On-Campus housing guarantee for the academic year to which that housing selection process applies. The Housing Guarantee will be reestablished for said student for the following academic year unless they forfeit it again.

Revocation on On-Campus Housing Guarantee

Skidmore College reserves that right to revoke the On-Campus Housing Guarantee at any time. It is the College's view point that On-Campus housing is a privilege. The guarantee can be revoked for students because of the Student Conduct process or failure to meet other obligations of the Skidmore Community.

Exemption to Policy

Any students looking to apply for exemptions to policies listed above must do so through the Housing Appeals Process.

All appeals must be submitted in writing to the Office of Residential Life. Appeal letters must address the following points:

- Policy requesting exception to.

- Reason for appeal.
 - Must be one of the approved reasons for exemption listed for that policy.
- Explanation of why exception is necessary.
 - Why standard protocol is not appropriate in your case
 - How the student would benefit from exception
 - Impact if exception is not granted
- (*For appeals post housing selection and/or start of academic year*) – How the situation has changed since selecting housing or (for first-year and new transfer students placed by Residential Life) since moving in.

All appeals will be reviewed by the Office of Residential Life and responses will be provided within five business days of receipt of appeal letter.

Off-Campus Housing Option

Moving Off-Campus

Students in their Junior or Senior year, or those who qualify for an exemption to the On-Campus Housing Requirement may move Off-Campus. To move off-campus students must select Off-Campus housing during the regular housing selection process.

Under most circumstances, Full-Time students who select On-Campus housing, whether during the selection process, when returning from a leave, or by applying to move back on and receiving On-Campus housing, will not be approved to move Off-Campus during that academic year. Exceptions to this rule may be granted under the following circumstances:

- Marriage
- Child Birth
- Sudden Financial Hardship (in consultation with Financial Aid Office)
- New Medical Accommodations (through Coordinator for Student Access Services)

Students that select On-Campus housing and then choose to move Off-Campus without approval from the Office of Residential Life will not be released from their housing contact and will be responsible for any and all room and board charges related to the housing assignment.

Moving Back On-Campus

Once a student moves off-campus it is expected that they will live off-campus for the entire academic year. Students may apply to move back on-campus and will be housed on a space available basis and only after all students currently residing On-Campus on the room change list have been accommodated.

Unoccupied Rooms

At any given time a small number of rooms may be vacant within the residential system. These rooms are typically vacant for one of the following reasons:

- Residential Life Spaces – Rooms that are reserved by the Office of Residential Life for use when immediate temporary relocations are needed. These rooms are not available as part of the normal housing system and are only for temporary stays. Any moves to these rooms are for reasons of immediate safety and health and are at the discretion of the professional staff in the Office of Residential Life.
- Offline Spaces – A small number of rooms may be offline. This typically occurs for facility reasons and cannot be occupied either permanently or for a period of time.
- Rooms in process – Rooms that are being considered as part of the room change process. These rooms are typically either in the process of being offered out to students on the room change list or returning from leaves.

Students may not move into or use any unoccupied spaces without prior approval from the professional staff in the Office of Residential Life. Students found to be using any unoccupied space without approval from the professional staff in the Office of Residential Life will be reported to the Office of Student Conduct and Conflict Resolution for unauthorized use and/or access. Students will be held responsible for any charges related to the repair of damages and cleaning required due to the unauthorized use.

Accommodations Process

For students that may require special consideration in their housing process an accommodations process exists. The accommodations process is organized by the Office of Student Academic Services through the Coordinator for Student Access Services. Students wishing to apply for accommodations are responsible for contacting the Coordinator for Student Access Services and providing all required information.

Students who receive approved requests will be housed by the Office of Residential Life in accordance with the granted accommodation on a space available basis.

Denied requests may be appealed to the Director of Student Academic Services.

End of Year Charges

Damage Billing

Damage Billing is an end of year process in which students are charged for any damages that occurred to their living space during their time in the space as well as any failures to meet cleaning expectations at the end of the year. All apartments/residence hall rooms will be inspected by the Office of Residential Life staff as well as Facilities Services after students move out. Spaces are inspected for both cleanliness and damages. Any changes in condition including damages to the room and college owned furniture as well as the general cleanliness of the apartment/residence hall room will be noted. Students will be

held responsible for the costs associated with the repair or excessive cleaning of their space. All charges will appear on a student's bill from the college. Costs are set by the college and are non-negotiable.

Damage Billing – Room Condition Expectations

Students are expected to leave their room/apartment clean and in the condition they found it. Spaces are evaluated for both cleanliness and damages.

Rooms/apartments are expected to be cleaned of all trash and personal items, as well swept/vacuumed and all surfaces wiped down. Apartment kitchen sinks and refrigerators are expected to be cleaned and emptied of personal belongings as well as apartment bathroom bathtubs/showers, sinks and toilets.

Damages will be noted for any conditions to the room/apartment that is different from when the students moved in outside of cleanliness. This includes the expectation that all college owned furniture is present in the room at move out unless furniture was removed by Facilities Services (i.e. Detripling). Common damages include holes in walls, broken/missing furniture, stains on carpet, etc.

While spaces are inspected by the Office of Residential Life prior to move in it is the responsibly of the student to make sure Residential Life is aware of any issues to the space at move in. Issues that are not brought to the attention of Residential Life within 10 days of move in will not be considered to be pre-existing and may be billed to the student at move-out.

Damage Billing – Shared Areas

Charges related to shared areas (Doubles, Triples, Apartment, Suite Bathrooms) will be split evenly among all students living with in that shared area unless a responsible party can be identified. Charges will not be applied to a specific student versus the group without the responsible student directly taking responsibility for the damages.

Damage Billing – Appealing Charges

Students have the right to appeal any charges associated with damages to their assigned room. To file an appeal, a student must submit via their Skidmore email to the Office of Residential Life email account (reslife@skidmore.edu) stating what charge(s) they are appealing and why. All appeals will be reviewed by professional staff in the Office of Residential Life and responded to within 5 business days.

All appeals must be submitted within 30 days of the charges posting to the students account. Appeals received after this time frame will not be accepted and/or reviewed.

Damage Billing – Reasons for Appeal

Charges may be appealed for the following two reasons:

- Damages were pre-existing

- Damages must be noted on the Apartment/Room Condition form from check in.
 - If damages are pre-existing and not noted on the Apartment/Room Condition form at move-in it is the responsibility of the student to notify their Residential Life staff member within 10 days of move in to ensure the damage is noted on the form to prevent billing issues later. Damages not noted within this 10 day period will be considered to be to be new damage and may be billed to the student at move-out.
- Another party is responsible
 - If another party is responsible for the damages the students must notify the Office of Residential Life who the other party is and the other party must come forward and take responsibility for the damages and the associated charges. The charges will not be reversed unless both pieces of this information is received.

No other reasons for appeal will be accepted. Damages may not be appealed based on cost.

Closings

Break Closings

Each academic year includes three (3) break closings, Thanksgiving Break, Winter Break and Spring Break. Students are expected to leave no later than 10:00 am on the date of each closing, unless approved for a late stay through break housing.

Students who do not complete the registration form by the required deadline will not be permitted to be in their On-Campus residence during that break period, this includes returning early. Students who arrive prior to their scheduled arrival date will not be given access to their scheduled assignment. Students found to be in their assignment without prior approval will be asked to leave, charged at a rate of \$250 per day that they arrived early. The date of arrival will be based on available evidence of when they likely first arrived (i.e. date of approved arrival of roommate or housemates, date of last staff check of space, etc.).

Additionally any students found to be giving unauthorized access to their roommates or housemates may also be asked to leave.

Summer Housing

Summer Housing at Skidmore College is overseen by the Office of the Dean of Special Programs. The Summer Housing period runs from the Monday after graduation until the 3rd Sunday in August. Any questions regarding living On-Campus during this period should be directed to the Office of the Dean of Special Programs.

Student Directory

The Skidmore College Student Directory is a resource available to all Skidmore community members (Students, Faculty, and Staff) on the Skidmore College website that provides information on all enrolled students. The information included in the Directory includes:

- Full Name
- Skidmore Username
- Class Year
- Current Housing Assignment
- Cell Phone Number
- Skidmore Mailbox Number
- Permanent Home Address

In accordance with the Federal Educational Rights and Privacy Act (FERPA) students may further restrict any and all of the above information from the Student Directory. Students may do so at any time online through the Office of Residential Life by way of Skidmore College's Housing Management System. The Housing Management System may be accessed via the Office of Residential Life website or by the following url:

Section III: Housing Processes

First Year Housing Process

Model

Skidmore College guarantees housing to all incoming First-Year students. First-Year students are housed randomly by a Housing Management system based on the criteria of legal sex, and their responses on a First-Year Housing questionnaire.

Skidmore College does not provide preference to any students in the housing process due to entry status, financial status and/or personal requests. Only students approved by the College for housing accommodations related to documented disabilities and/or health concerns may be housed outside of the standard process.

First Year Housing Questionnaire

All First-Year students are required to complete a First-Year housing questionnaire. This questionnaire will be made available to students in the first or second week of June prior to the entry date.

This Questionnaire will ask students to respond to a number of questions that will be used to determine their housing assignment. This will include questions regarding lifestyle and community preferences.

Other information collected by this form includes a student's cellphone number and confirmation of knowledge and acceptance to Skidmore College Housing Policies.

Room and Building Placement

All First-Year students are housed within one of seven (7) of Skidmore College's eight Residence Halls. Howe-Rounds Halls, Jonsson Tower, Kimball Hall, McClellan Hall, Penfield Hall, Wait Hall and Wilmarth Hall are used to house First-Year students.

Within these halls First-Year students are housed in Double/Triple rooms. The majority of each First-Year class will be housed in Triples. The occupancy of the room a student is assigned to is random with the exception of a small number of students receiving accommodations through approval of the Housing Accommodations process. Request for Double occupancy rooms outside of the Housing Accommodations process will not be considered.

A small number of First-Year students may receive an initial housing assignment for a single occupancy rooms through approval of the Housing Accommodations process. No other First-Year students will receive an initial housing assignment for a single occupancy room.

Roommates

First-Year student roommate pairings are made based on a student's legal sex, and their responses on a First-Year Housing questionnaire. Outside of these factors the matching is random. Students are not able to request specific roommates.

In cases where a student requests Gender Neutral housing roommate pairings will be made without consideration of legal sex. This means that a student's roommate(s) maybe of the same legal sex or opposite legal sex. All other roommate pairing criteria, the First Housing Questionnaire, is still used. Gender neutral roommate pairing are only made if all roommates request this option.

Housing Assignment Notification

First-Year students will receive their housing assignments via their Skidmore email. Assignments will typically be released during the third or fourth week of July.

Assignment emails will contain a student's housing assignment as well as the name and email address of their roommates. Many assignment letters will also contain the cellphone number and home address of a student's roommates. Students have the ability to restrict this information via the First-Year housing questionnaire resulting it this not being present in all letters.

Room Changes

Occasionally the Office of Residential Life will make administrative changes to student housing assignments prior to a student's arrival for the following reasons:

- To ensure each student has a roommate
 - Occasionally students withdraw, defer, or receive a housing accommodation after assignments are released. In cases when this leaves one First-Year student in a double/triple by themselves the Office of Residential Life may move this student or other students to insure there are two students in this room at the start of the academic year.
- Facilities Related Issues

Residential Life will not make changes to First-Year housing assignment prior to the start of the academic year at a student's requests. The First-Year room change process start in early September after they arrive on-campus. For more information on this see the section of the Handbook on Room Changes.

Room Changes Process

Room Changes Process - General

The Room Change process is the process in which student's housing assignments are changed after being finalized. The Office of Residential Life will make room changes throughout the year when space is available. Room Changes fall into four categories;

Solicited Room Change (requested changes), Unsolicited Room Changes and Emergency/Temporary Room Changes.

Solicited Room Changes

Solicited Room Changes are any room change that occur by the request of the student request. Most room changes are this type. This includes any room changes that result from a student being on the Room Change List, applying for accommodations, contacting the Office of Residential Life for filling vacancies or responding to general rooms available notices.

Unsolicited Room Changes

On occasion the Office of Residential Life will move students without request. Unsolicited room changes typical occur due to occupancy management concerns, student conduct decisions, and/or facilities issues.

The Office of Residential Life will work, when possible, with students to make these moves as undistruptive as possible, however moves may be unexpected and students may not be offered an option as to where or what type of housing their new assignment is.

Students are not permitted to decline unsolicited room changes and must move as required by the Office of Residential Life.

Room Switches

Room switches are a form of room change in which two or more students agree to switch rooms.

Room Switches must be processed and approved by the Office of Residential Life before they can occur.

For a Room Switch to occur all involved parties must submit in writing (email) a statement of approval of this change. This includes the students moving as well as their roommates/housemates. Room Switches will not occur unless all parties agree.

Emergency/Temporary Room Changes

Under rare circumstances students may be moved on a temporary basis. These changes occur at the discretion of the professional staff of the Office of Residential Life only.

Student who are moved in these circumstances will be given access to a temporary location for a limited specified amount of time. At the end of that time period students will be expected to move back to their original assignment or to a new permanent assignment. Under no circumstances will the temporary location become permanent.

Room Change Period

Student may apply for and receive room changes during three periods during the year.

- Fall Semester – Early October – Thanksgiving Break Closing
- Spring Semester – Early February – Spring Break Closing
- Post Housing Selection (for following academic year) – Monday after conclusion of Housing Selection – Mid July
 - Room Change requests will not be accepted past mid-July though changes may still be made until the start of the Fall semester.

Room changes may still occur outside of these times periods due to occupancy management concerns, Fall-Spring transition and other administrative reasons.

Applying for a Room Change – Sophomores, Juniors and Seniors

To apply for a room change students of Sophomore, Junior or Senior class standing simply need to complete a Room Change application. The Room Change application can be found via a link on the Office of Residential Life website. The Room Change Application will become available for academic year at the conclusion of Housing Selection for that year. Once the Room Change application becomes available it will remain available until mid-July and then will become available again during the specified room change periods.

Applying for a Room Change – First-Year students

Applying for a room change as a First-Year student is a two-step process. When applying for a room change as a First-Year student a student must first meet with a professional staff member in the Office of Residential Life. The purpose of this meeting is to discuss the student's reason for a room change and potentially come up with some temporary solutions for any issues present while the student waits for a room change.

The second step is completing the Room Change application. Students will be able to complete a Room Change application during their meeting with the Office of Residential Life staff member. This Room Change application is a separate from the application found on the Office of Residential Life website and is available only through meeting with an Office of Residential Life professional staff member. The Room Change application found via a link on the Office of Residential Life website cannot be used by First-Year students. Any application from First-Year students found on this form will not be accepted

Meetings with Office of Residential Life staff to discuss changes will be available during the scheduled room change periods each semester.

Room Change Offers

Room Change offers will be made to students on the room change list on a space available basis. All offers will be made via email and sent to a student's Skidmore email.

Offers will include instructions on replying to the offer including a deadline for response. Deadlines will typically be 48-72 hours from the date of offer.

Solicited offers will also include the room being offered and in the case of apartment and double vacancies the name(s) and email of any other student(s) living in that space.

In the case of general open offers no specific spaces will be listed. Notification of exact spaces available will only occur in follow up communications.

Accepting Room Changes Offers

When a student receives a room change offer the student can accept the offer by responding to the email offer. The student will then process the room change in the Office of Residential Life. When processing a change, the student will complete room change paperwork and have their Skidmore ID card encoded for the new assignment.

Once a student processes a room change they have 48 hours to complete their room change. During the 48 hour period, a student will have access to both their former and new spaces. At the end of the 48 hour period, their access to their former assignment will be terminated.

Declining Room Change Offers

Students may decline any solicited room change offer they receive (unsolicited room changes cannot be declined). A room change offer may be declined until the point that a student completes the room change with the Office of Residential Life. Once a student completes the room change the new assignment is final and cannot be changed without reapplying for another room change.

If a student declines a room change offer they will be given an option to keep their application active or to close their application. Students who choose to keep their application open will be returned to the Room Change List with an adjusted application date on the day they confirm their desire to keep their application open. Students who choose to close their application will have their application removed and will need to reapply if the desire a room change in the future.

Not Responding to Room Change Offers

If a student fails to respond to a room change offer by the listed deadline the offer will be void. Additionally the room change application for the student will be closed with no further offers. A new room change application must be submitted for future consideration.

Room Type Limitations

There are four On-Campus room type limitation to the room change process.

Triples

Room Changes will not be granted to create new triple rooms. Once a room is de-tripled (furniture being removed) it will not be re-tripled.

Room Changes to triple rooms are only permitted in two situations, Room Switches and specific requests to fill a vacancy prior to furniture being removed from pre-existing triples.

In cases of Room Switches where one Double and one Triple is involved the room that is originally tripled must stay tripled.

In cases where a vacancy occurs in an existing triple the students in that room can request a new student move in. For this to happen both students in the triple must agree to the three student moving in. Additionally any request must be made before the third set furniture is removed by Facilities Services.

Doubles

Room Changes will not be granted for upper-class standing students from Single rooms or Apartments to Doubles room except in cases when they are filling a vacancy in a double room with one resident.

Room Changes for upper-class standing students to Doubles will only be granted if students currently live in a Double and simply wish to move to a different building.

Room Changes to Wiecking Hall Doubles will be permitted for upper-class standing students.

Sussman Village A and B

Sussman Village A and B are restricted to students of Sophomore, Junior, or Senior class standing. First-Year students are not eligible to live in Sussman Village A and B.

Exceptions may be granted for First-Year students over the age of 21 at the time of the request.

Sussman Village F-L and Northwoods Village

Sussman Village F-L and Northwoods Village are restricted to students of Junior or Senior class standing. First-Year and Sophomore students are not eligible to live in Sussman Village F-L or Northwoods Village.

Exceptions may be granted for First-Year and Sophomore students over the age of 21 at the time of the request.

Apartment Vacancies – Fully Vacant Apartments – Summer and Fall

During the Summer or Fall semester, when apartment vacancies occur resulting in fully vacant apartments the Office of Residential Life will offer the apartment to eligible groups who did not secure apartments during Housing Selection in the Spring.

To be eligible all members of a group must be scheduled to reside (Summer) or currently residing (Fall) on campus and in the Residence Halls. If no eligible groups are available the apartment will be offered out as individual spaces to students on the Room Change List.

Apartment Vacancies – Fully Vacant Apartments – Spring Housing

Process

During the Spring Housing Process, when apartment vacancies occur resulting in fully vacant apartments the Office of Residential Life will offer the apartment to groups of student returning from leave. Groups returning from leave will be prioritized Housing Selection in the Spring.

To be eligible a group must reside On-Campus and in the Residence Halls. If no eligible groups are available the apartment will be offered out as individual spaces to students on the Room Change List.

Apartment Vacancies – Occupied Apartments

When a vacancy occurs in an On-Campus apartment the remaining students will be contacted by the Office of Residential Life to notify them of the vacancy. The remaining residents will have the opportunity to fill the vacancy with a current full-time On-Campus student of their choosing. Once notification occurs students will have approximately one business week to notify the Office of Residential Life of a replacement

(Note: This time frame may be cut down to 48-72 hours during the month of August and Winter Break as the Office of Residential Life looks to place students without housing prior to the start of classes)

If the apartment residents provide an eligible replacement said student will be permitted in and must complete this move within 48 hours. To be eligible a student must be a full-time student currently living On-Campus that meets the Class requirement for that apartment area. Spaces may not be reserved for students that are on-leave or abroad and are scheduled to return the following semester.

If the apartment residents do not provide an eligible replacement the vacancy will be offered out to eligible students on the Room Change List or students returning from leave. The Office of Residential Life will attempt to respect the legal sex break down of an apartment in only offering spaces to students matching the legal sex break down of the apartment (Male if all male, Female if all Female, either if mixed) unless otherwise requested. Apartment residents are not permitted to screen or reject potential

housemates. Students will be notified of a new housemate when a student accepts the space or chooses to reach out to apartment prior to accepting.

Housing Conflicts

It is the view of the Office of Residential Life that all students are maturing individuals and therefore are capable of solving their own conflicts. The Office of Residential Life is available to assist when assistance is needed to mediating conflict or students may be looking for advice. The Office of Residential Life cannot in all circumstance solve conflicts among roommates or housemates.

Additionally, in the event of a roommate/housemate conflict, it is the goal of the Office of Residential Life to not create “win/lose” situation. As a result, if a room change is requested and granted, the change will only be offered to the requesting student. In most circumstances the Office of Residential Life will not forcibly remove students from a space without cause related to safety or health of those involved.

Mid-Year Room Changes

Students granted room changes in the Fall for the Spring semester are required to move from their Fall assignment prior to their departure for Winter Break.

Students have three options of what to do with their belongings:

- Move belongings to new space (Partially occupied spaces only)
 - When students are filling a vacancy in a partially occupied double/triple room or apartment they may move their belongings directly to their new space.
 - In the case of apartment vacancies students should place all items in the living room of the apartment instead of their new bedroom. Vacated bedrooms will be cleaned by Facilities Services during the break as long as the rooms are empty. If a student moves their belongings into their new bedroom that bedroom will not be cleaned.
- Take your belongings home
- Use Break Storage spaces (For changes into or out of Residence Hall rooms only)
 - Student moving into or out of a Residence Hall may store their belongings in designated Break Storage spaces. These spaces are accessible through Campus Safety.
 - Please be aware that these spaces are shared spaces that will likely be used by multiple students. While access to these rooms is restricted the shared nature of these spaces can result in missing items. If this occurs that College will assist the student with locating any lost items but will not assume any responsibility for the lost items.

Students who fail to move out prior to break without prior permission from the Office of Residential Life will be charged for occupying two rooms. In circumstances in which the former assignment has been reassigned and is needed prior to the student’s scheduled

date of return, the student will be requested to return to campus to pack up their room during the break. If the student is unable to do so the College will hire an external moving company to pack and move the student's belongings at the student's expense. In these circumstances the College will assume no responsibility for the loss or damage of any personal belongings.

Fall Housing Selection

The Fall Housing Selection Process – Spring Semester

The main Housing Selection Process takes place in the Spring Semester each academic year. Enrolled students scheduled to return as Full-Time students in the fall select their housing for the upcoming year. This process typically starts in early February and runs until late April.

The Housing Selection Process consists of 4 processes; Apartment Housing Selection; Off-Campus Selection, Special Interest Housing Selection, and Residence Hall Room Selection.

General Information

Class Year Designation

Students will be designated a class year rank for each housing selection process. The class year rank is based on class standing. The breakdown is as follows:

- Current First-Year Students – Rising Sophomore
- Current Sophomore Students – Rising Juniors
- Current Junior Students – Rising Seniors

Current Senior students will received no designation as they are expected to graduate.

Lottery Numbers

Lottery Numbers are numbers assigned to students to order the Fall Housing Selection Process. Lottery Numbers will be released during the first week in February each academic year.

Creation of Lottery Numbers

All Lottery Numbers are random in coordination with Class Year and Prior Year's Third.

Class Year factors into a student's lottery number by simply dictating how far from zero their classes range of numbers may be. Rising Seniors will have the range of lottery numbers closest to zero and Rising Sophomores the furthest.

Prior Year's Third refers to the ordering of number within each class. Lottery numbers are split between the ranges within each class to ensure no student gets the best or worst lottery number each year.

Lottery Number Range

Lottery Numbers for each class will fall into a range of numbers. This range is larger than the actual class size. Unused numbers in this range are invalid.

Typically the ranges are as follows:

Rising Seniors – 1-750

Rising Juniors – 751-1500

Rising Sophomores – 1501 - 2250

Transferring of Lottery Numbers

Lottery Numbers are assigned to the individual student and that student only. Lottery numbers are non-transferrable and cannot be granted to another student under any circumstances. If a student does not use their lottery number (due to leave, withdraw, prohibition from on-campus housing, part time or abroad status) that lottery number will be invalid for that selection process.

Reclassification after Release of Housing Lottery Information

In the event that a student reclassifies (changes class year) after their lottery information is released, the student's class year will be adjusted to match their new class standing. Their lottery number will be reassigned within the range of their new class while retaining the Prior Year's Third ordering.

Pre-Selection Eligibility Requirements

In order for a student to be eligible for Fall Housing Selection a student must complete the following requirements:

- Complete Housing Application
- Complete any outstanding Student Conduct sanctions
- Pay any outstanding charges on student account
- Not be registered to study abroad in the Fall semester

Failure to meet any of these requirements will result in a hold being placed on a student's account for Housing Selection, which will prohibit housing selection.

Any holds must be cleared at least 24 hours prior to their selection time. Failure to do so will prevent a student from selection housing at their assigned selection time.

Selection Time

Selection times will be distributed for the Apartment Selection, Special Interest Housing Selection, and Residence Hall Room Selection Processes. Selection times provide a student or group of students their earliest time to select housing. Students will not be permitted to select housing prior to their selection time for that process.

No housing selection processes will be held for students that do not select at their selection time and said processes will continue in their absence.

Apartment Housing Selection

Parts of the Process

The Apartment Selection process is a multiple step process. There are three required steps and one optional.

Required Steps

- Step 1 – On-Campus Housing Application
 - The On-Campus Housing Application must be completed by all students looking to live in On-Campus Housing. Students who do not complete this application will not be eligible and will not be permitted to select an apartment.
- Step 2 – Apartment Housing Selection Worksheet
 - An Apartment Housing Selection Worksheet is required to be submitted by all groups intending to select an apartment. Worksheet must be submitted within a designated time frame and cannot be altered once submitted. Only one worksheet is required per group. Any groups that do not submit a worksheet or students who are not included in a group which submitted a worksheet are not eligible for Apartment Housing Selection.
- Step 3 – Apartment Housing Selection
 - All groups deemed eligible for Apartment Housing Selection after review of Apartment Housing Selection Worksheets will receive a selection time. At least one representative from each group is required to come to Apartment Housing Selection on the 2nd Floor of the Murray-Aikins Dining Hall at the designated time to select housing.
- Optional Step – Regrouping

- Regrouping is process for groups who either submitted their worksheet late or were ineligible at their initial selection time but have since been able to put together an eligible group. Regrouping will take place on the 2nd and 4th nights of selection.

Apartment Groups

Apartment Groups are groups of students who are applying to live together in an apartment.

Single individuals are not permitted.

Apartment group sizes are dictated by the size of our apartment. To select an apartment groups must be able to fill all bedrooms in the apartment.

Class Year Average

Once groups are created they will be designated a class year average by the Office of Residential Life. A group's class year average will be calculated by dividing the total number of class year points by the number of group members.

Pre-Applying

All Groups must pre-apply for apartment selection by completing an apartment housing registration form. The application period will start when lottery numbers are released in the first week February and will run for 4 weeks concluding at 4:30 pm on the Friday of the last week. Any registration forms not received in the Office of Residential Life by this due date will be considered late.

Late Applications

All late registration forms will be held and processed with all regroup registration form for their group class average. They will then be permitted to select housing during the regroup selection times for their group's class average. There will be no exceptions.

Group Sizes

Groups can apply for apartment housing in group sizes matching the size of available apartments. As a result group sizes can be as follows:

- 2 Person
- 3 Person
- 4 Person
- 5 Person

All groups must be one of these sizes. Registration forms from groups of smaller or larger sizes will not accepted.

Apartment Registration Form Validation

All submitted Apartment Registration Forms will be checked for validity. To be considered valid a registration form must meet the following requirements:

- Contain a minimum of 2 to a maximum of 5 students
- Completed form
 - This includes
 - Full **Legal Name** for each student
 - Skidmore ID number for each student (starts with 00)
 - Current Class Year for each student
 - Lottery Number for each student

Group Eligibility

For a group to select apartment housing, all group members must be eligible at the time of selection. If any group member is ineligible at the time of selection, the entire group will be ineligible and therefore unable to select housing at their initial selection time.

Groups that are ineligible for apartment selection will be permitted to select an apartment at the regrouping time if they regroup or if all ineligible group members clear any holds.

Adding and Dropping Group Members

Groups are not permitted to add or drop group members during the regular selection process.

Group members may only be added or dropped to create new groups during the regrouping days.

Apartment Availability

There are a finite number of apartments on campus. There are the following number of apartments by size:

- 2 Person Apartments – 5 Apartments*
- 3 Person Apartments – 25 Apartments
- 4 Person Apartments – 160 Apartments*
- 5 Person Apartments – 22 Apartments

**Not all apartments of these types are open for student housing during selection. Actual number will vary.*

Once all apartments of any given type are selected the applications of all groups of those sizes will become invalid.

Multiple Applications

Students are permitted to submit multiple applications to be in multiple groups for apartment selection. As long as the applications are valid, these applications will be accepted and these groups will receive selection times. Though all applications will be accepted, a student will only be able to select an apartment with one group at selection. Once a student selects housing all other groups that include this individual will become invalid and will not be able to pick without going through the regrouping process.

Ordering Groups

Groups are order based on class year average and then best lottery number for the group. Groups with higher class year averages and lower (closer to zero) lottery numbers will select before groups with lower class year averages and higher (further from zero) lottery numbers.

Class year average is based on a points awarded for a student's class year. These points are then added and divided by the number of group members to get the group's class year average.

- Rising Seniors – 4
- Rising Juniors – 3
- Rising Sophomore – 2

Regrouping

Students that find themselves unable to select at their initial apartment selection time (i.e. group ineligibility or invalid application) will be permitted to regroup into a new group to select an apartment. Regrouping will be permitted after the conclusion of both the 4.0 and 3.8 – 3.0 selection processes. Students who regroup will receive new selection times based on the same order process as regular selection 24 hours prior to the start of the next selection process.

Selection Process – What to Expect

For apartment selection the process of selecting your apartment and room is completed in person. Groups are expected to send at least one representative for their group to the selection location at their designated selection time. All group members do not need to be present to select an apartment and as a result students should not miss class to attend selection. If no group members are available at the time of selection the group should assign a proxy to select housing for them.

Once a groups arrive at selection they will be called in order to enter the selection room. A group's first step will be to check in at the check-in table to ensure all group members are eligible to select. If any group members are ineligible to select the entire group will be prohibited from selecting.

Once groups clear the check-in table they will proceed to select both their apartment and bedrooms within the apartment. Groups are encouraged to already have in mind what apartment they wish to select prior to entering a selection room. Groups will be given up to two minutes to select their apartment. If a group takes longer than the allocated time the next group will be permitted to move forward and select.

Once a group selects an apartment the space that is selected will be marked as being no longer available and the group members will be written into a hand written roster. Before leaving the group will check out at the check-out table and be entered into the computer system to finalize their assignments. Once the assignment is entered into the computer system it is final.

Selecting a Proxy – Apartment Selection

As the apartment selection process is in person students who are abroad, on-leave or otherwise unavailable at their selection time (in class, in a meeting, in practice, working, etc.) will need to assign someone who can be at selection to choose their housing for them. This can be any other student or the Office of Residential Life.

Each group needs to only identify one Proxy or “Group Representative” for selection. This person should be listed on the group’s Apartment Worksheet. This person can then serve as the Proxy for all group members. If any group members are available to attend a selection they can serve as the Group Representative, no other Proxies will need to be assigned.

If you need to change your Group Representative after submission of your worksheet please contact the Office of Residential Life

.Please note: Proxy selection for the apartment selection process is unique to the apartment selection process. Students wishing to select an apartment should not complete the proxy selection process for Residence Hall selection unless they are unsuccessful in securing an apartment and intend to select a room in the Residence Hall instead.

Residence Hall Selection

Selection Process

The selection process for Residence Halls takes place entirely on-line through the Odyssey system each spring following at the end of the Fall Housing Selection process. All students who have not selected housing for the fall semester by the start of the Residence Hall Selection process must participate in this process.

Parts of the Process

The Residence Hall Selection process is a multiple step process. There are two required steps and three steps that are optional depending on your housing situation.

Required Steps

- Step 1 – On-Campus Housing Application
 - The On-Campus Housing Application must be completed by all students looking to live in On-Campus Housing. This application will give access to Part 2 of the process: Residence Hall Housing Selection. Student will be allowed to provide their roommate preference if they have one.
- Step 2 – Residence Hall Housing Selection
 - Students select their housing assignment for the Fall semester. In this step, students will be able to search, by building, for all rooms available to them. Students will be able to review room details and confirm their room selection for the fall.

Optional Steps

- Roommate Finder
 - The Roommate Finder is designed to assist students with finding a potential roommate if they do not already have one in place. The Roommate Finder will ask students to answer a variety of questions with their personal preference and then allow students to search for others will similar preferences.
- Proxy Selection
 - Proxy Selection provides students with the opportunity to select a proxy to select housing for them in their place. This function may be useful for students that may not be able to access a computer to select their own housing at their designated selection time.

Eligibility

All students of Rising Senior, Junior or Sophomore standing are eligible to participate in the Residence Hall Selection process by default. Student may forfeit eligibility to participate in one of the follow ways:

- Selecting Housing in a prior housing process
- Being pre-housed by the Office of Residential Life
- Being otherwise ineligible to participate in Fall Housing Selection

Off-Campus Selection

Selection Process

The selection process for Off-Campus housing takes place entirely on-line through the Odyssey system each spring following the Apartment Housing Selection process. All eligible students wishing to live Off-Campus for the fall semester must participate in this process.

The selection process is a two – three step process. Brief descriptions of these steps are below.

- Step 1 - Off-Campus Housing Application
 - The Off-Campus Housing Application is required of all students applying to live Off-Campus.

- Step 2 – Off-Campus Housing Selection
 - Off-Campus Housing Selection is where students will confirm their selection of Off-Campus Housing. Students will not be able to access this until they complete Step 1 of this process.

Note: Once students complete this step their housing assignment for the Fall will be finalized as Off-Campus and they will no longer be eligible for housing On-Campus for the upcoming Academic Year.

- Step 3 – Off-Campus Address Submission Form
 - This form will allow a student to submit their Off-Campus Address and Landlord contact information.
 - *This is not necessary if students submitted their address information with their Off-Campus Housing Application*

Eligibility

To be eligible for Off-Campus Selection a student must meet the following criteria:

- Has not already selected On-Campus Housing

Students not meeting these criteria will need to apply for exception to move off-campus (see the “Moving Off-Campus” section for exception reasons and “Exemption to Policy” section for the process to apply for exemption). Students who are approved for an exception will be housed manually by the Office of Residential Life. However, students will need to use the online system to submit their Off-Campus address information.

Spring Housing Processes

General Information

The spring housing process begins during the first week of November each year and encompasses housing for students returning from abroad (including London FYE) or other leaves, as well as filling of vacancies as a result of students not returning for the Spring semester.

*Transfer students admitted as Spring admits should refer **Section III E: Transfer Housing Process** for information on their housing.*

Return from Abroad or Other Leaves

Students returning to Skidmore College in the Spring semester from abroad or leave will receive an email from the Office of Residential Life in their Skidmore email during the first week of November.

Students returning from abroad will need to provide up to three housing preferences for the Spring semester. These can include requests to fill specific vacancies, to be placed by the Office of Residential Life in any apartment or room as an individual or group, or an intention to live Off-Campus.

Students returning from other leaves will be asked to confirm whether or not they are returning for the Spring. Students returning for the Spring should also include up to three housing preference with their response, similarly to the return from abroad process.

Filling Specific Vacancies

Students requesting to fill specific vacancies, whether a vacancy in an apartment or a double room, will follow a two-step process to confirm their space.

Students can list the desired vacancy on their preference list.

Current residents to confirm this placement. The returning residents to the space should respond to their email regarding the vacancy (see *Filling Vacancies in Your Apartment or Room* below) stating that they wish that student to fill the space.

Once both steps are completed the placement will be finalized by the Office of Residential Life. Confirmation of the placement will come in mid-December.

To fill specific vacancies a space must be partially occupied from the fall. This process does not apply to Apartments or Residence Hall rooms that full vacant after the fall semester.

Being Placed by Residential Life

If a student wishes to live On-Campus and has not planned to fill a specific vacancy they will be housed by the Office of Residential Life. The Office of Residential Life will do its best to house students in accordance with their housing

preferences. Final placements will be dependent on available space with the best available spaces being provided based on your lottery numbers from room selection last spring.

Fully Vacant Apartments
