Emotional Support Animals

Emotional Support Animals (ESAs) on campus are approved through the Housing Accommodations Committee chaired by Meg Hegener in Student Academic Services.

This year, we are gathering information on students' preferences regarding living with animals. In the event of vacancies that may arise during the course of the 2020-2021 academic year, we would refer to these preferences when looking to place a student with an ESA into a new housing assignment. We cannot guarantee that we will be able to honor all requests, but will take the information provided below into account. It is our responsibility to ensure all students have equal access to their education and their housing. As such, we ask that you answer the following questions honestly and with details as appropriate.

Below, we will be asking about your preferences regarding living with a student with an Emotional Support Animal. We will also ask you to explain your choice. We do not expect you to give in-depth personal details, but do ask that you provide the information needed to take your preference under consideration in the case that we are placing another student in a room with you. For example, appropriate responses may include, 'I have a severe cat allergy,' 'I am used to living with animals and would be okay with an ESA living in my space,' 'I do not mind small animals, but would prefer not to live with a dog or cat,' 'I have a phobia of dogs,' 'I have an approved ESA and would prefer not to live with a second animal,' etc.
